The Role of Kent County Council in Local Bus Services

Most bus services are run for profit, but some would not be viable without subsidy. Kent County Council devotes over £6 million annually to the support of these socially necessary bus services, which are operated on behalf of the County Council by local bus companies. Many services in this guide fall into this category; if you have a complaint or a suggestion to make about your local bus services, please contact the relevant operator in the first instance. If this proves unsatisfactory, please contact:
