All figures are taken from the monthly Claimant Count from the Office for National Statistics which records the number of people who are unemployed and claiming Jobseekers Allowance or out of work and claiming Universal Credit at local Job Centre Plus offices.

The resident working age population denominators used to calculate unemployment rates is defined as males and females aged 16-64.

Data is presented for Kent and Medway electoral wards as at 2015.

Figures for district level unemployment are available in The Monthly Unemployment Bulletin (another Business Intelligence publication).

The tables and charts presented in this bulletin are displayed district by district and show the number and percentage of resident working age people claiming an unemployment benefit.

Tables

N/A indicates a value of 1 or 2. This data has been suppressed at source.

Each table shows the number and rate of unemployment for each ward, and the number and percentage change in claimants since the previous month and previous year.

Figures in red indicate a rise in unemployment benefit claimants
A negative number indicates a drop in unemployment benefit claimants.

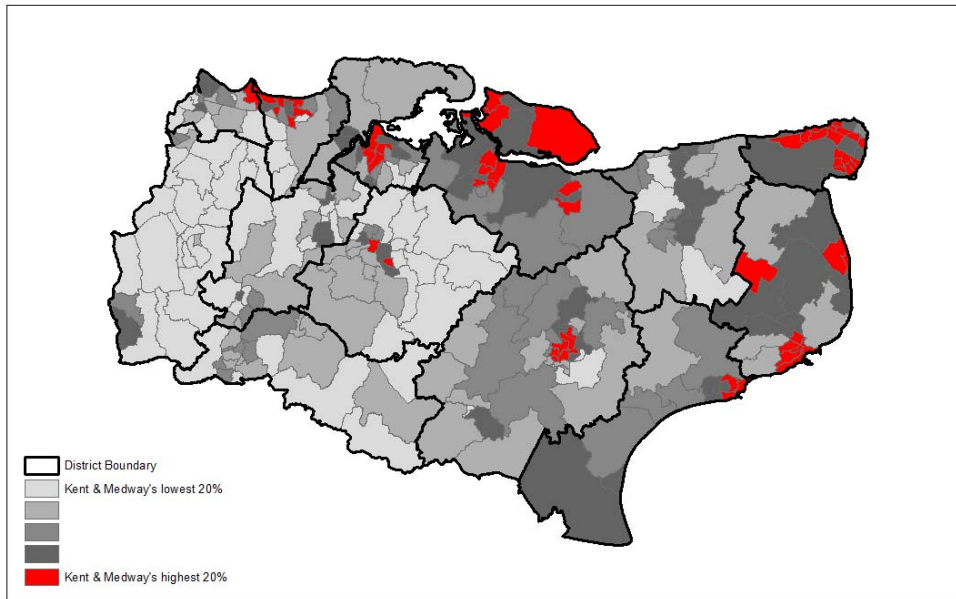

Charts

The first chart for each district shows the current unemployment rate. The second shows unemployment change since the previous month. A blue bar indicates a drop in unemployment benefit claimants a red bar indicates an increase.

Map

The following map shows the current ward unemployment rates.

Introduction of Universal Credit

Since 2013 the roll out of Universal Credit has progressed across across the UK. Universal Credit will replace a number of means-tested benefits including the means-tested element of Jobseeker's Allowance (JSA).

From April 2015 Universal Credit started to be rolled out within Kent. It is now available in all Jobcentre areas in Kent & Medway however it is only available to single claimants without a partner and without child dependents. Full roll out of Universal Credit to all claimant types begins in 2017. The following table shows the planned roll out within Kent districts

This workbook looks at the total number of people claiming either Jobseekers Allowance or Universal Credit principally for the reason of being unemployed. It also looks at the age profile of claimants, in particular at youth unemployment which is defined as those aged 18 to 24.

This workbook uses information from a dataset called The Claimant Count by Sex and Age. This experimental series counts the number of people claiming Jobseeker's Allowance plus those who claim Universal Credit who are out of work. The dataset currently includes some out of work claimants of Universal Credit who are not required to look for work; for example, due to illness or disability. Therefore this dataset is considered experimental and the results should be interpreted with caution.

Unemployment rates are calculated using the Office for National Statistics Mid-year Population Estimates 2001-2015. The resident working age population is defined as all males and females aged 16-64. These denominators will be updated annually with the ONS mid-year population estimates.

Introduction of Universal Credit

Since 2013 the roll out of Universal Credit has progressed across across the UK. Universal Credit will replace a number of means-tested benefits including the means-tested element of Jobseeker's Allowance (JSA).

From April 2015 Universal Credit started to be rolled out within Kent. It is now available in all Jobcentre areas in Kent & Medway however it is only available to single claimants without a partner and without child dependents.

Full roll out of Universal Credit to all claimant types begins in 2017. The following table shows the planned roll out within Kent districts
