

Admission to

infant, primary & junior school

in Kent 2027

For children born between

1 September 2022 and **31 August 2023**,
starting **reception year** in **September 2027**
and;

1 September 2019 and **31 August 2020**,
transferring to **junior school** in **September 2027**

Use the simple, fast and secure way to apply online at:
www.kent.gov.uk/primaryadmissions

Apply by: Friday 15 January 2027

What to do

Apply online by: Friday 15 January 2027

Choose a school	Apply	Accept or decline
Read all the information provided in this booklet. Find out about the schools you are interested in. Use all 3 preferences to give yourself the best opportunity of securing a school you have applied for.	Apply online at www.kent.gov.uk/primaryadmissions. Applications open on Friday 6 November 2026 and close at midnight on Friday 15 January 2027. Tell us immediately via email about any change of address.	On Friday 16 April 2027, an email will be sent to you informing you of your offer. You must accept or decline this offer by Friday 30 April 2027.

The information given in this booklet relates to the school year 2027-28. Details were correct at the time of publication.

Note on terminology:

In this guide, “parent” is used to refer to anyone legally responsible for a child, including guardians.

Coordinated admissions

The coordinated admissions system manages the application processes for the normal point of entry to schools. These are:

For the coordinated process, Kent County Council collaborates with all local authorities to ensure that each child (who applied on-time) receives an offer of a singular school place on the relevant national offer day.

Applications must be made through the local authority where you are living on the relevant closing date (your home local authority).

Applications can include schools in another local authority if you wish, as long as the application is made through your home local authority. This means that:

If you live in Kent and want to name schools elsewhere – you must apply through Kent County Council.

If you live outside of Kent and want to name Kent schools – you must apply through your home local authority and list the Kent schools on that application.

For full details on Kent County Council's coordinated admissions process, please see the Primary Admissions Scheme available at www.kent.gov.uk/admissionscriteria.

Key dates

Friday 6 November 2026	Applications open Apply online at www.kent.gov.uk/primaryadmissions .
September – December	Parents to read all information available, visit school open events (if available) and make decisions on which schools to apply for.
Friday 15 January 2027	National closing date for applications Online application process closes. Any amendments after this date must be emailed to kentonlineadmissions@kent.gov.uk .
Thursday 11 February 2027	Deadline for on-time changes to application details to be considered for national offer day.
Friday 16 April 2027	National Offer Day Offers of school places are sent to parents via email.
Friday 30 April 2027	Deadline for parents to accept/refuse the school offered. Parents will also be given the opportunity to join the waiting list for schools named on the original application. Deadline of ‘late’ school applications to be considered for Kent Reallocation Day.
Monday 17 May 2027	Appeals for schools named on your original application must be lodged by this date to be heard before September. See www.kent.gov.uk/schoolappeals for more information.
Thursday 27 May 2027	Kent Reallocation Offer Day KCC reallocates any places that have become available from the waiting list. Parents that have received an offer of a school place from KCC can approach schools directly for alternative places.

When your child starts school

Primary education covers the age range of 4 to 11. An academic year runs from September in one calendar year to August of the following calendar year. Therefore, children who are born between **1 September 2022** and **31 August 2023** will normally start school during the school year 2027-28.

Parents do not legally have to send their child to school until the term in which their child reaches compulsory school age – the prescribed day after their 5th birthday (or on their 5th birthday if it falls on a prescribed day). The prescribed days are 31 December, 31 March and 31 August. However, to give as many children as possible at least 8 terms in infant education, all schools must provide for the admission of all children from September following their 4th birthday.

While schools are free to propose phased induction timetables for new students, they cannot be enforced if a parent's preference is for their child to start full-time at the start of the September term following their 4th birthday. Similarly, where parents wish for their child to start school on a part-time basis, schools are legally required to support these requests until a child reaches compulsory school age.

Parents also have the right to delay their child's start date (known as deferred entry) until later in the school year, but not beyond when they reach compulsory school age at beginning of the term after they turn 5 and not beyond the beginning of the final term of the school year in April. If you plan to defer your child's start date until later in the school year, you must still apply at the usual time for primary or infant school places. You should also speak to the schools you are applying for, to discuss how you would like your child to be admitted.

Children born between 1 April and 31 August are sometimes referred to as summer born children. They have the same right to defer entry as any other child but are not legally required to attend school until the start of year 1. For more information on the options available for summer born children, please see page 34.

Will starting school affect my child's entitlement to free Early Years education?

All 3- and 4-year-olds in England are entitled to 15 hours of free Early Years education each week for 38 weeks of the year and this can be used at registered day nurseries, nursery schools, pre-schools, and childminders. Some families may also be eligible for an additional 15 hours, totalling 30 hours per week, if they meet specific criteria.

When your child starts school, they are no longer eligible to receive Free Early Education Entitlement funding, even if they attend the Reception class on a part-time basis.

However, parents can continue to access their child's free entitlement until the child reaches compulsory school age, provided they choose not to take up or retain a place in a state-funded school reception class in the September following their child's fourth birthday.

For more information, please contact Kent Children's Information Services on 03000 412323 or email kentcfis@theeducationpeople.org.

How to apply

Deciding which schools to apply to

Kent has a wide range of primary, infant, and junior schools, including community schools, church aided schools, and academies.

Schools publish lots of information about what they teach, the facilities they offer and what they aim to achieve for their pupils on their websites. Headteachers welcome enquiries from parents and will be able to tell you in great detail about their schools. You can find their website addresses in this booklet.

Primary education covers the age range of 4 to 11 and includes the following types of schools:

- **Infant schools** admit children aged 4 to 6 years. The year groups are from reception year to year 2. Please be aware if you apply for an infant school, you will need to apply for your child to either transfer to a junior or a primary school when your child reaches year 2. See the section below on [page 11](#) for more details.
- **Primary schools** admit children aged 4 to 11 years. The year groups are from reception year to year 6.
- **Junior schools** admit children aged 7 to 11 years. The year groups are from year 3 to year 6.

Please see [page 55](#) for a full list of Kent's infant, primary and junior schools.

There is no substitute for seeing things for yourself. That is why all schools hold open days and evenings, usually during the September and November before the point of entry, where parents and children can visit and talk to teachers and existing pupils. We believe this provides a very good opportunity for you to get a feel of the school and encourage you to use the opportunities available. Please see school websites for information about when these open days will take place.

Even if you already have an older child at the school, you must apply for a place for your younger child. You will not automatically receive a place because you already have a sibling there.

Parents are also advised to consider whether they intend to apply for transport assistance when selecting their preferences, as they will be used when determining their child's eligibility. Kent will not normally provide transport where a parent prioritises a school which is not the nearest appropriate for transport purposes. Please see [page 37](#) and www.kent.gov.uk/schooltransport for more information.

We strongly recommend that you focus on the schools that interest you the most.

What if my child has additional needs or an EHCP?

The application process explained in this book does not apply to children with an Education, Health, and Care Plan (EHCP). Further information around starting infant, primary and transfer to junior school for children with an EHCP can be found at www.kent.gov.uk/SEND. Alternatively, you can email the Special Educational Needs Office at sendadmingeneral@kent.gov.uk.

If your child has additional/special educational needs but does not have an EHCP, even if you are in the process of statutory assessment, you should still apply for a primary school place as described in this book.

More information is also available on [page 48](#).

Apply online

When you know what schools you are interested in, you can apply online at the web address below. An application form (RCAF or JCAF) can be provided in an alternative format for accessibility reasons upon request by emailing kentonlineadmissions@kent.gov.uk.

Apply online at:
www.kent.gov.uk/primaryadmissions

You need to apply by midnight on Friday 15 January 2027 to join reception year or to transfer to a junior school in September 2027.

You should complete the application by naming up to three schools; putting them in order of preference with the one you would like most, first. Please see [page 14](#) for which address you should use on your application.

You can apply for schools inside or outside of Kent County Council's (KCC) area, but you must name all of them on the same application; you can only fill in one application and it must be submitted via a form supplied by the local authority you live in. Your local authority is the one in which you pay your council tax bill to.

Please note that you must NOT use Kent's online application process, RCAF or JCAF if you do not live in Kent. Your application will be withdrawn and will not be processed.

Please ensure that all the information on the application is accurate before it is submitted. KCC will not take any responsibility in checking the contents of an application.

Please note if the application has not been submitted by the applicant, KCC will be unable to process it. Applications for Children in Care should be made by the assigned Social Worker of the Local authority that is the Corporate Parent.

If you are applying online for school places for the first time, you will have to register with the website and create a user account, selecting your own password.

The website will ask you to verify your account by clicking on the link provided in the email sent to the email address used to set up the account. This email is not an application. Once registered, you can then make an application for school places either straight away or by logging back in later, provided it is before the closing date. An application is only valid if it has been submitted by the closing date of Friday 15 January 2027.

Once you have submitted your application, you will receive an email confirming that we have received it. Please check your spam/junk folders for this email before contacting the team.

If you apply online and then un-submit your application (either by making a change or for any other reason) KCC is not responsible for processing the unsubmitted application. You must ensure that your application is fully submitted by the closing date. If an application has not been submitted, KCC will be unable to process it.

Please remember to let us know if you change your home address or your email address after the closing date so that our records are kept up to date as we provide this information to the school you are offered. Any changes of information need to be sent from the email address used to apply.

It is the responsibility of the parent to ensure that:

- they are selecting the correct school for each preference;
- the application states if the child will have a sibling in the school or a linked school in September 2027 and must provide the sibling's full name and date of birth;
- they send any supporting evidence to the relevant school they would like to be considered for under health and special access reasons (if applicable) more information on health and special access criteria can be found on [page 24](#);
- they complete and return any Supplementary Information Forms (if available) to the relevant school.

If you require any support applying online, please email kentonlineadmissions@kent.gov.uk.

Supplementary Information Forms (SIFs)

Some schools have another form available called a Supplementary Information Form (SIF). Certain schools will use the information collected on this additional form to rank your child against their oversubscription criteria (for example if they are a church school or give priority to children eligible for free school meals). You only need to fill in a SIF if you want your child to be considered against the oversubscription criteria it covers.

See the Kent schools' pages at the end of this booklet for details on which schools have a SIF available. You can get the SIF from the school or by going to the 'Admissions criteria 2027-28' section at www.kent.gov.uk/admissionscriteria.

Please return SIFs direct to the school, and not KCC. As the SIF is not the official KCC application form, you must also complete a CAF naming the school, otherwise your child cannot be considered for a place there.

Applying for infant and junior schools

If you are applying for an infant school, you will need to apply for your child to transfer to either a junior school or a primary school when your child reaches year 2.

There is no automatic transfer between infant and junior schools. You must still apply for a place.

Some infant schools are linked to a junior school which means they give special priority in their oversubscription criteria to those who attend the infant school. A list of linked infant and junior schools can be found on [page 54](#).

If the infant school your child attends is linked to a junior school and you do not wish for your child to go there, you can name other junior schools when completing the Junior Common Application Form (JCAF).

DO NOT name any primary schools on your JCAF as the form is only used to apply for junior schools. If you name a primary school, this will be deleted from your form and you will lose the opportunity of naming a preference.

If you do not wish your child to go to a junior school and would rather apply for a year 3 place at a primary school, you must contact the primary school and complete an In Year Admissions Form (IYAF). More information on the In Year Admissions process can be found on page 32. Children who attend a primary school do so from the age of 4, so any admission into year 3 would be considered outside the normal point of entry to the school. This reduces your chances of gaining a place at a primary school, as the majority, if not all of the year 3 places will be taken by the year 2 classes progressing through the school.

If your child already attends a primary school and you wish to move them to a junior school, your application will be dealt with the same as any other applicant, but we will not offer an alternative junior school place if we cannot meet your preferences.

Multiple applications

Only one application per child will be accepted. If you apply online, you do not need to complete any other form of application, other than any SIFs that may be available.

If more than one application is received for a child, KCC will consider whether the applications use the same child address. Applicants must use the child's main address for admissions purposes, as explained in the 'Which address to use' section of this booklet. KCC may ask for evidence and check the address information provided to determine which application is valid. Where one application uses an address that is not the child's main address, that application may be withdrawn.

Where both applications appear to use the same valid child address, parents will be contacted and asked to agree in writing which application should be used, unless one parent withdraws their application. It is not the role of the Local authority to decide which application to use where both are valid applications and both parents retain parental responsibility for the child. KCC's Admissions Team are not able to resolve parental disputes, and we would expect both parties to come to a sensible resolution.

If parents cannot agree, and no relevant court order or other clear basis for proceeding is provided, both applications may be withdrawn and the child may not be offered a place on Friday 16 April 2027.

Where a court proceeding is sought to decide which parent's application should be used it cannot be shared with KCC unless the courts give explicit consent to do so. In these cases, it would be helpful to ensure any related court order makes clear which parent has the overall right to apply and where necessary the school preferences which should be named. A court order cannot vary KCC's prescribed address requirements, nor can it compel a school to offer a place outside of the co-ordinated admissions process. This means a court decision is limited to what school preferences an application can include, not which school will ultimately offer a child a place.

Parents should be mindful of key deadlines when taking this approach as no extensions will be granted for any delay that arises.

KCC can only accept and process one primary or junior school application for each child. The online portal and registration or application record will be linked to the person who submitted it, and routine correspondence about that record will be issued to that named applicant. This approach supports consistent processing under KCC's published admissions scheme and helps avoid conflicting instructions, amendments or decisions being made for the same child.

KCC cannot manage multiple named contacts or parallel lines of communication on one admissions record. Where another parent or person with parental responsibility wishes to receive information about the child's school offer, this will be considered separately in accordance with data protection requirements. Further information is available in the [Your guide to data protection](#) section.

Gender and Common Basic Data Set (CBDS)

KCC collects admissions applications and related data items from parents in order to fulfil the legal obligations laid out in the School Standards and Framework Act (1998) and the current School Admissions Code (2021). In order for Local Authorities to fulfil these duties, the Department of Education (DfE) defines what data each Local Authority must collect, how it must be referred to and what limitations (if any) are placed on its collection. These requirements are available in the Common Basic Data Set, which can be found on www.gov.uk and include the following:

- Sex – a value which identifies the sex of the person as recognised in law;
- Gender identity – a person's inner concept of self as male, female, neither or a blend of both.

Under UK law children cannot obtain a Gender Recognition Certificate and therefore cannot change their legal sex.

LAs are required to collect a child's "sex" for the purposes of administering the admissions process. While the DfE have recently made some non-mandatory changes to the CBDS to offer an additional "Gender Identity" field, software companies who provide the admissions systems used by all Local Authorities have not yet made the necessary changes to reflect these options. It is unlikely that these changes will be made by software companies until the DfE makes them a mandatory requirement. KCC must therefore currently continue to seek confirmation of the child's "sex" using male or female as the only available options. Applicants should consider any reference to "gender" to be a request to confirm the child's "sex" as defined above. We are unable to record any other response on each child's admissions record.

Where applications are made for gender questioning and non-binary gender pupils, parents are advised to discuss that application with their preferred schools to agree the most appropriate way to identify their child using the options that are currently available.

Which address to use

Child's home address

A child's home address is defined as a residential property that is the child's main or only residence where they live, not an address at which your child may sometimes stay or sleep due to your own domestic or educational arrangements. It must be the residence of both the parent and the child on Friday 15 January 2027, the deadline for submitting your application.

In the vast majority of circumstances, schools will expect there to be a financial connection between yourself and where the child lives, such as a rental agreement or ownership of the property.

KCC reserves the right to check information that parents give on their child's application form. When you receive the offer of a school place from KCC, you will be asked to provide the school with evidence that you and your child live at the address used on the application. This evidence can be, for example, an utility bill, bank or credit card statement, council tax bill or any other formal documents that would show you as the parent were living at your address at the closing date for applications.

For the child, this evidence could be, for example, the child's bank statement, hospital or doctor's appointment letter or formal document.

This is not an exhaustive list and the school, or Local authority reserves the right to request further documentation if it considers the evidence provided is insufficient to prove that you and your child were living at the application address. **The evidence you supply should be dated within the application window of Friday 6 November 2026 - Thursday 11 February 2027.**

Parents should also be aware that schools may wish to collect their own information when you return your address evidence such as a child's short form birth certificate. It is also likely that schools will ask you to complete their own induction documentation.

If you do not provide address evidence, or if you provide insufficient evidence to confirm your address, the offer may be withdrawn. The vacant place would then be offered to the child who had been disadvantaged on Friday 16 April 2027 and was effectively displaced by your application at that time.

Where your living arrangements are more complex, it is important that you use **the main address your child lives at** when applying for a school place. If you use an address that is later found to be incorrect for the admission process, your school offer may be withdrawn even if you can show evidence that you own or had access to that property.

It can take an extended period to complete investigations into misleading applications and parents may find that they have missed deadlines to join school waiting lists or appeal once their offer has been withdrawn. KCC does not provide a timescale by which these investigations will be completed. Parents will be responsible for finding another school place if their school offer is withdrawn following an investigation.

Please find below some examples of situations that will require you to determine which address to use. If your specific situation is not listed below, or you are unsure of which address you should be using, you should contact the Admissions Team for further assistance by emailing primaryadmissions@kent.gov.uk.

Moving home

As explained above, you should only apply using your child's current home address.

If you are moving home during the admissions window, we will be able to amend your application to reflect your future address if sufficient evidence is received no later than Thursday 11 February 2027. Once you have the appropriate documentation confirming an exchange of contracts, with a completion date or a signed rental agreement/lease, please email it to the Admissions Team and we will amend your application to reflect your new address. Parents should be aware that there may be additional proof of move required in order for us to amend your application.

All parents MUST therefore email the Admissions Team if their home address changes between Friday 15 January 2027 and Thursday 11 February 2027. Changing your address on the website will not update the application.

In most circumstances, it would be expected that you would move in before National Offer Day on Friday 16 April 2027.

If you have purchased a new build property, this deadline can be extended until Wednesday 1 September 2027 as a reflection of the fact that completion dates can change unexpectedly. This provision will only apply where houses are being built as part of a large-scale development, not a personal project undertaken by the individual.

If you are not residing in the property by these dates, the offer of a school place may be withdrawn, so it is imperative you inform the Admissions Team if you think you are unlikely to be living in the address by that time.

If you are moving due to a house exchange or renting a property from a Housing Association or private landlord, the letter that you receive confirming the date you can move in and your

agreement to rent that property will be considered as proof of moving. KCC cannot accept a letter offering a property for you to view as proof of moving.

If you do not exchange contracts with a completion date or have a signed rental agreement/lease until after Thursday 11 February 2027, KCC will not be able to make any amendments to your application but can use your new address for correspondence purposes. Please be aware of this deadline as no exceptions will be allowed under any circumstances.

If you are submitting a reallocation application, you **MUST** inform the Admissions Team of any address changes with appropriate evidence by Friday 30 April 2027. The expectation is that you would move into the new property by Kent Reallocation Day, Thursday 27 May 2027.

Please be aware that moving during the application window will complicate your admissions process and, in many circumstances, significantly reduces your chances of securing a place at a school of your preference. Parents are therefore advised to pay special attention to key dates in the admissions process and wherever possible, organise your affairs to ensure address changes are made within admission's deadlines. It is understood that this is not always possible, however, KCC has no discretionary authority to vary the process for parents who cannot complete address moves in time to make use of them for admission purposes.

Any residential move which takes place between the relevant closing date for applications and the end of the first school term may be investigated to establish if a parent has misrepresented their living arrangements for the purpose of securing a school place outside of the family's intended residential area. If the Admission Authority considers this to be the case, it may consider the application at the time to have been misleading and may withdraw the school place.

If you are thinking of moving but have not seen a property to rent or buy, then you should complete a SCAF using your current address. If you name schools that are in the area you wish to move to, but you are not living there, there is an increased likelihood that you will not receive an offer at one of those schools as places could be offered to applicants that live nearer. If you are unsure which preferences to name on this application, please email us at primaryadmissions@kent.gov.uk for further advice.

Shared residency

KCC can only accept one address on the RCAF or JCAF and if your child lives at two different addresses during the week because of joint residency or another formal living arrangement we will regard the child's home address as the one at which they will sleep for the majority of school nights (Sunday to Thursday) in the first academic year. We would expect parents to use the community school term dates to calculate the split but should be aware that a 50/50 split is unlikely as the community school dates are 190 school days per year and there are bank holidays which can mean each school week is not the same – the term dates can be found at

www.kent.gov.uk/education. In the unlikely event that a child will spend an equal number of days at both addresses, or if you need any assistance, please contact primaryadmissions@kent.gov.uk.

You should not use any other address at which your child may stay during the school week such as at a friend's, grandparents', or child minder's home.

Where parents are seeking agreement on their child's application through the courts, it cannot be shared with KCC unless the courts give explicit consent to do so. In these cases, it would be helpful to ensure any related court order makes clear which parent has the overall right to apply and where necessary which preferences should be named. A court order cannot vary KCC's prescribed address requirements, nor can it compel a school to offer a place outside of the co-ordinated admissions process. This means a court decision is limited to what school preferences an application can include, not which school will ultimately offer a child a place.

If your child stays at two addresses and you are unsure which address to use, please contact the Admissions Team for advice.

Access to multiple properties

Depending on your circumstances, there is a possibility that you own, rent or have access to a property closer to a school that you are interested in, but live at a property that you own, rent or have access to elsewhere. You should use the address where you and your child are actually living, and is your main residence as defined above.

Examples of cases that will be fully investigated and are likely to result in offers being withdrawn:

- renting a property close to a popular school but retaining access to another property;
- living with a relative but retaining access to another property;
- moving to a property close to a particular school and then moving out of the area shortly after offers have been made;
- signing a tenancy agreement but opting to delaying moving to this new property until the relevant offer day.

Temporary address

You should not use an address that has been rented, moved into or lived in on a short-term basis in addition to your regular 'home' because of temporary personal circumstances, such as, minor works being carried out to the main family residence, or a brief stay with family or friends at another home.

Where building works, renovations or other property works mean that you and your child are living somewhere else for an extended period, you must use the address where you and your

child are actually living, unless the Admissions Team confirms otherwise in writing. An arrangement is unlikely to be treated as temporary where the works are expected to continue for several months, or beyond National Offer Day, particularly where you and your child have never lived at the property being renovated or only lived there for a very short time before moving elsewhere

If your circumstances have meant you have had no choice but to temporarily move to or remain living in another property, you should inform the Primary Admissions Team, by emailing primaryadmissions@kent.gov.uk when you apply, advising them of the reasons why and providing evidence to support your circumstances. The team will advise you based on your individual circumstances and the evidence provided.

If you live outside of England

While the DfE have indicated that local authorities have the option to accept applications from families who are not currently in England, it is still necessary for all applicants to fulfil the address requirements outlined above.

This ensures that pupils currently residing in Kent and those intending to return are treated in a consistent manner. As some families own or are able to access more than one property, KCC's admission process is clear on what can be considered a child's address from an admissions perspective. These requirements ensure that applications can only be made from a single address so that families are not able to undermine the key principle of the co-ordinated admissions process, which is to ensure a child cannot be offered a place at more than one school to the detriment of other applicants. Where an address does not meet these requirements, it cannot be considered for admissions purposes, which may limit KCC's ability to process a related application.

It is understood it is not always possible to arrange home moves to align with the school admissions process. However, it is similarly not possible to remove any negative impact a family may face if they are not able to use a preferred address as a result. This effect is felt equally by parents moving within England or even within a Local Authority's boundaries during the admissions timeframes, so parents moving back to England are not being treated any less favourably than others in similar circumstances.

Crown Servants and families of UK Service Personnel

UK Service Personnel and Crown Servants that are being posted back to the UK, may use a UK address that you own or the name of HM Forces Station/Base as a home address even though you may not be resident at the time of application. KCC must also receive an official government letter (e.g. MOD, FCDO or GCHQ) declaring a relocation date and that the family will be resident in Kent by 1 September 2027. A confirmed address, or in the absence of this, a Unit or "quartering area" address, will be accepted as the home address on the application. The law allows for KCC to use this address as your family's main residence even though you may not be resident at the address or even in the country.

However, it does not guarantee you a place at your preferred schools. For further information, please contact the Admissions Team.

How offers are made

You are invited to apply for up to three schools by completing a Reception Common Application Form (RCAF) and KCC will make sure every Kent child who has submitted a RCAF gets ONE offer. If you are applying for junior schools, you may apply for up to three junior schools by completing a Junior Common Application Form (JCAF).

Naming only one preference does NOT guarantee your child a place at that school or give your child priority for a place over another child, neither does naming a school more than once. If you name a school multiple times, the duplicates will be deleted from your form, and you will lose the opportunity of naming different preferences. There is no requirement to name 3 preferences but failing to do so increases the likelihood of the local authority making an offer of a school some distance from your home, where local schools have been filled with children that used their full range of preferences.

KCC will tell infant, primary, and junior schools who has applied for places and provide them with any information that has been submitted on the RCAF/JCAF. The Primary Admission scheme is an Equal Preference Scheme, which means that schools will not take into account whether you have placed them as 1st, 2nd, or 3rd as KCC does not provide them with this information.

Each school will look at all their applications and draw up a rank order based on their oversubscription criteria to decide who will get places. Oversubscription criteria are a set of rules which a school uses to place children into priority order, or rank, if it receives more applications than spaces available. This means, for example, that if how close children live to the school is an important factor, the children who live closest are most likely to be offered places. For more information on oversubscription criteria, please [see page 22](#).

When ranking children, schools WILL NOT take into account:

- how long your child's name has been registered at a school;
- if your child attends a nursery class on the school site or if the nursery is affiliated with the school (unless this is a published aspect of a school's admission arrangements);
- if the nursery takes children into the school or classrooms for any social activities or the child knows the teachers through visiting the school;
- if your child attends a playgroup or preschool nearby or on the school site;
- any previous association you or your extended family may have had with the school either by attending it or by participating with any of the school's activities;
- how long you may have lived in the area or a parent's intention of moving into the area in the future;
- a parent's particular reason for expressing a preference for the school, for example the presence of breakfast or after school clubs, activity clubs for sports or music, if any of

the child's friends will be going to the school; unless it is a published aspect of that school's oversubscription criteria;

- any plans regarding childcare arrangements that you may make for a particular school.

Once the schools have determined an order of priority for applicants using their oversubscription criteria, KCC will use a computer program to finalise offers.

The order you name the schools in only matters if more than one of them could offer your child a place. If this happens, we will look back at your preferences and offer whichever of them you named highest on the form. The unused offer for the lower preference school(s) will then be offered to a child that was ranked lower on that school's list.

If none of your preferred schools can offer you a place because there were other children who had a greater eligibility for the place(s) than your child when the oversubscription criteria were applied, KCC will allocate an alternative school that has available places. Whilst this school will not be one of your preferences, KCC wishes to ensure every child is offered a school place.

KCC will try to make this the nearest school to your home with available places. This school may be some distance from your home as KCC can only offer a place from a school that has spaces remaining once all other applications have been considered.

The allocation that is made will not take into account any of your child's individual circumstances or your preference for a particular type of school e.g. a church school, size of school, childcare facilities or travelling arrangements.

All admission authorities have to plan for the number of children they admit to their schools very carefully. The Published Admissions Number (PAN) noted on each school's entry in the 'Kent Schools' section will show you the number of children the school will admit this year.

However, since the 2012 School Admissions Code was introduced, schools have been able to decide to increase this number before offers are made. This is known as offering in excess of PAN and schools can decide to do this as late as February each year. While schools can increase the number of places that they make available, they are not able to reduce the number during this timescale. As KCC is unaware of many schools' intentions to offer in excess of PAN at the time of publication of this book, it is not recorded here. Please contact the schools you are interested in naming as preferences to see if they are intending to increase their intake number this year, if this will be important to your decision-making process.

Whilst schools have been able to increase the number of offers made, infant and primary schools must also abide by Infant Class Size legislation. Since September 2001, the law has said that an infant class (reception, year 1 and year 2) cannot have more than 30 children with one qualified teacher in a classroom. The teacher must be a fully qualified teacher and not a teaching assistant; schools therefore cannot admit above 30 children per class.

Oversubscription criteria

Oversubscription criteria are a set of rules which a school uses to place children into priority order, or rank, if it receives more applications than spaces available. Each school's individual oversubscription criteria can be found in their published admission arrangements. This is available on their website or at www.kent.gov.uk/admissionscriteria. However, some of the most common criteria is explained below.

Community and voluntary controlled schools in Kent use this oversubscription criteria, with the exception of Guston Primary School, St Peter's CofE Primary School (Tunbridge Wells), Tunbury Primary School and Whitfield Aspen Primary School.

Where a school fails to provide a description of their oversubscription criteria, KCC's oversubscription criteria will be used.

Looked after children or previously looked after children

A looked after child or a previously looked after child is a child which is either in the care of the Local authority or is being provided with accommodation by a Local authority in the exercise of their social services functions under Section 22(1) of the Children Act 1989, or a child who ceased to be so because they became subject to an adoption, child arrangement order, or special guardianship order.

An adoption order is an order under Section 46 of the Adoption and Children Act 2002. A child arrangement order is an order setting the arrangements to be made to the person with whom the child is to live under Section 8 of the Children Act 1989. Section 14A of the Children Act 1989 defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian/guardians.

A previously looked after child means such children who were adopted but immediately after being looked after became subject to an adoption, child arrangements, or special guardianship order including those who appear to have been in state care outside of England and ceased to be in state care as a result of being adopted. A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation, or any other provider of care whose sole or main purpose is to benefit society.

Looked after children and previously looked after children get the highest priority for school places as per the School Admissions Code.

If you apply under this criterion, you will need to provide evidence to the Primary Admissions Team to show that your child qualifies. Once you have completed the online application, please send copies of your evidence separately to primaryadmissions@kent.gov.uk including your child's name, date of birth and home address. If you do not supply evidence, it may not be possible to process your application under this criterion.

Attendance at a linked school

This is where there is a link (used for admissions purposes) between a particular infant school and a particular junior school. Children who are attending the infant school are given priority for admission to the relevant linked junior school. A list of linked infant and junior schools can be found on [page 54](#).

Siblings

In most circumstances, where the term ‘brother or sister’ is used, it means children who live as brother and sister in the same house, including natural brothers or sisters, adopted siblings, stepbrothers or sisters and foster brothers or sisters. Please check the school’s admission arrangements for their exact definition. Where a school has not explained how it defines a sibling, the explanation given here will apply.

For some schools (including community and voluntary controlled schools), a sibling rule also applies. The sibling claim will stand if the family have continued to live at the same address as when the older sibling was admitted to the school or, if:

- the family have moved, and they have moved to within 2 miles of the school;
- if the family have moved nearer to the school from where they were living previously.

A sibling link is broken when:

- if the older sibling is currently in year 6 because the sibling will be transferring to secondary school in September 2027
- you have moved further away than when the sibling was admitted and it is more than 2 miles from the school

Once a sibling link is broken, it will not be reinstated for any reason. Sibling priority is permanently lost for that child regardless of any further address moves a family may make in the future.

Whilst linked infant and junior schools are considered to be the same school for this criterion, if sibling priority has previously been lost (as above), it will not be reinstated when the child transfers from an infant to the linked junior school.

Where a child is transferring from year 2 and would not be attending the infant school from the start of the academic year, but applied for the linked junior school, the link would not be broken for a child applying for the infant school.

If siblings from multiple births (twins, triplets etc) apply for a school and the school would reach its Published Admission Number (PAN) after admitting one or more, but before admitting all of those siblings, KCC will offer a place to each of the siblings if allowed through the school's admission arrangements, even if doing so takes the school over PAN. This may not always be possible for example, if the school makes use of random allocation in its oversubscription criteria. If offering to multiple birth siblings results in breaching infant class size legislation, the children are to be treated as 'excepted' pupils.

If your child secures an offer of a place at the school on Friday 16 April 2027, sibling priority will apply to any of their siblings that apply for a place through the In Year process or who are on the school's waiting list up to the start of the September 2027-28 term, even though the offered child will not have started yet.

Health, social and special access reasons

Medical, health, social and special access reasons will be applied in accordance with the school's legal obligations, particularly those under the Equality Act 2010. Priority under this criterion will be given to those children whose mental or physical impairment or social need means they have a demonstrable and significant need to attend a particular school. Equally, this priority will usually apply to children whose parent's physical or mental health or social needs means that they have a demonstrable or significant need for their child to attend a particular school. Please check the school's admission arrangements for their exact definition. Please note that social needs do not include your intended or current childcare arrangements.

All claims will need to be supported by written evidence from a suitably qualified medical or other practitioner which can demonstrate a special connection between these needs and the particular school that parent's feel can accommodate these needs. This must be sent directly to the school before Thursday 11 February 2027 for the school to consider the evidence. Without this evidence, when schools are ranking children in accordance with their oversubscription criteria, they cannot take your needs into account.

In most circumstances, an applicant should only apply for a single school under this criterion. Placing the same evidence for more than one of your preferred schools will only establish that more than one school can accommodate your child's needs. If you feel your circumstances support applying for more than one school, please discuss it with the Primary Admission team, who can also provide any other advice required by parent's who wish to apply under this criterion.

Distance

Maps and internet-based measuring tools will give you an indication of the distance from your address to school, but they often use different reference points. So that distances are worked out consistently, KCC's measuring software uses address point data provided by National Land and Property Gazetteer (NLPG) which is updated annually. The address point reference we have for your property is taken as one end of a straight line, with the address point reference for the school as the other end. The point provided by NLPG may fall anywhere within your property boundary.

Where applications are made from new build properties that are not registered to the NLPG, KCC may be required to temporarily use planning co-ordinates. Where a new build housing development requires a new school or the significant enlargement of an existing school, this criterion may allow for a catchment area (defined by a map) to be created for the relevant school. This must be included in the Statutory Public Notice and admissions determination and will be valid for a period not exceeding three rounds of admissions.

The same address point on the school site is used for everybody. When we apply the distance criterion for an oversubscribed school, these straight-line measurements are used to determine how close each applicant's address is to the school. Address point references allow us to calculate distance in miles to four decimal places.

A block of flats has a single address point reference, so applicants living in the same block will be regarded as living the same distance away from the school.

In the unlikely event that two or more children have equal eligibility for the last available place at the school, the names will be issued a number and drawn randomly to decide which child should be given the place.

KCC supplies address point data to all schools but some Foundation and Voluntary Aided schools, Free schools and Academies may use different methods to measure distances from applicant's homes. This will be clearly explained in each school's oversubscription criteria. Where a school has not explained that it will use a different method, the method described here will apply.

Please note that the distance in relation to Ramsgate Arts Primary School is calculated differently. Please see the school's individual admission arrangements for further information.

Likelihood of being offered your first preference

The best way to assess the chances of your child getting into your first preference school is to study that school's oversubscription criteria which is available at www.kent.gov.uk/admissionscriteria. Before you fill in the RCAF or JCAF make sure that you have read the oversubscription criteria for the schools you are listing. You need to think carefully about whether your child is likely to meet these criteria.

One of the most important criteria for many schools is the distance you live from the school. The distances from which schools allocate places change from year to year, depending on demand. You may need to check with the school whether they have been able to admit children from your address in recent years. When deciding your preferences, be realistic about how likely you are to be offered a place there.

Some third-party websites offer parents an indication of their chances of securing a school place. KCC does not validate the information on these websites and so parents should exercise caution when making decisions based on the data that they provide.

Remember that other people will choose the same schools as you. If their children meet the criteria of a particular school better than yours, they will be offered a place ahead of your child.

The law recognises that it may not always be possible to carry out parents' wishes for a number of reasons:

- because the particular school may be full;
- because this would "prejudice the provision of efficient education or the efficient use of resources;"
- because the child has been permanently excluded from two or more schools.

Having considered all these matters, rank the schools you would like in the order of preference.

Example applications

MEET ELAINE

Elaine lives right next door to her local infant school. However, her parents prefer the local church school as they are regular church attenders, or another primary school in the town.

Her preferences are:

1. Church school

2. Local Infant school

3. Primary school

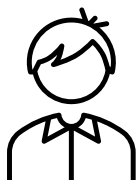

What happens next?

Each school ranks her based on their own criteria

Elaine ranks high enough to be offered a place at all 3 schools.

Elaine is offered the highest available preference, the local church school.

**MEET AARON**

Aaron's parents prefer the primary school near his mother's workplace, which is far away, or the local infant school or primary school.

His preferences are:

1. Primary school far away

2. Local infant school

3. Local primary school

What happens next?

Each school ranks him based on their own criteria

Aaron ranks high enough to be offered a place at his 2nd and 3rd, schools.

Unfortunately, the primary school near the mother's workplace is full with pupils who live closer. Aaron is offered the next available preference, the local infant school.

**MEET VIOLET**

Violet's parents would like her to go to a popular primary school, even though it is far away. Otherwise, they would like their local church school, even though they are not church attenders. They did not name a third preference.

Her preferences are:

1. Primary school far away

2. Local church school

3. Not named

What happens next?

Each school ranks her based on their own criteria

Violet is offered an alternative school by KCC.

The popular primary school is full with pupils who live closer than Violet. The local church school is also full with church attenders. Violet did not name a third preference. Violet is offered a space at an alternative school chosen by KCC.

REMEMBER

- Schools do not know the order of your preferences.
- Each school ranks applicants using its own oversubscription criteria.
- You will be offered the highest preference where your child ranks high enough for a place.

Receiving your offer

Accept or refuse by Friday 30 April 2027

On Friday 16 April 2027, KCC will contact Kent parents to inform them of the school they have been offered.

You will receive only ONE offer. E-mails will be sent on this day to parents who provided an email address on their application, and letters will be posted first class to all other parents. All online applicants can also log back on to their online applications after 5pm and view their school offer.

Please be aware that KCC has no control over email delivery times once they have left our servers and some email providers may delay sending the messages to account holders. Parents are also advised to check their spam folders for the email before contacting the Admissions Team.

The applying parent must let the offered school know whether they are accepting or refusing the place by Friday 30 April 2027.

If you do not let the school know that you are accepting the place, it may be offered to someone else, and you will lose it.

You can also lose your school place if the information you put on your application form is later found to be incorrect.

If you applied for a Kent school but do not live in Kent, your home Local authority will notify you on Friday 16 April 2027 to tell you which school you have been offered.

PLEASE ensure that you carefully read all the correspondence as this will provide you with additional information on what to do next. It will provide you with an opportunity to either accept or refuse the place offered to you, information on waiting lists and how to appeal against a decision to refuse your child a place at the school.

Waiting lists

If the school is full, the admission authority for that school must keep a waiting list, at least until the start of the January term 2027-28.

KCC will place you on the waiting list for any higher preference schools than that in which you were offered. Requests to join the waiting list for any lower preference schools must be

submitted to KCC's Admissions Team by Friday 30 April 2027. Further information will be included in your offer email. Please note that at this stage, you can only join the waiting lists for schools that you named on your original application.

On Thursday 27 May 2027 KCC will run a reallocation process to offer any vacant places to children on schools' waiting lists.

Reallocation works in the same way as the process which offered places on Friday 16 April 2027, so that any places which may have become available can be offered to children on waiting lists, ranked by the schools according to their original oversubscription criteria. If more than one of the schools a parent would like can offer a place, we will offer the one they ranked highest on their waiting list form.

After Thursday 27 May 2027 schools will use their waiting lists to allocate any vacant places as they arise. The names on a school's waiting list must be ranked according to its published oversubscription criteria, and it is required by law to rank the list in accordance with the criteria again every time a child is added to it. If the number of children who accept a place drops below the school's published admission number, the waiting list will be used to determine who gets the vacant places.

Looked after children, previously looked after children and those who must be offered a place through a Fair Access Protocol will take precedence over others on a waiting list.

Putting your child's name on the waiting list for one school will not prejudice an appeal for another and appealing for one school will not affect your position on the waiting list for another.

While KCC will allow you to join the waiting list for a school you named as a lower preference than the school you have been offered, some other Local authority's admissions processes do not allow this and instead limit waiting list requests to higher preference schools only. Please contact the Local authority of the lower preference school whose waiting list you wish to join, to check if they will allow this. In all circumstances, please contact KCC to make a waiting list request. Do not make waiting list requests directly with an out of county school or directly to another local authority.

Appeals

If you are unhappy that you have not been offered one of your preferred schools, you can appeal. All parents have the right to appeal against any decision to refuse them a school place. This means that you can appeal for a place at any school that you named and were not offered, wherever you ranked it on the RCAF or JCAF.

You can appeal for any school you have been turned down for, but if it is a Kent school, please do your best to make sure that your appeal is received by Monday 17 May 2027. This will help the people who organise a school's appeal hearing to try and arrange for all the appeals for that

school to be considered at the same time and by the same panel, which is what the School Admission Appeals Code recommends. Do not wait for the outcome of one appeal or the offer of a place at another school before appealing; you can always withdraw an appeal request later.

Appeals received after Monday 17 May 2027 will need to be accompanied by a reasonable explanation as to why they are late. It is best if all appeals can be heard at one time. A late appeal may have to be heard after others for the same school.

Parents who have unsuccessful appeals for a particular Kent school may not appeal for a place at the same school within the academic year unless they can show there has been a significant and material change in their circumstances since the appeal.

Please see www.kent.gov.uk/schoolappeals for information on how to lodge an appeal to the respective school(s).

Primary and infant admission appeals can only be upheld in very limited circumstances. The law requires that an infant (i.e. a child in reception year, year 1 or year 2) should not be educated in a class which has more than 30 children per qualified teacher, so most appeals for admission to reception at a primary or infant school will be 'Infant Class Size appeals'.

As grounds for upholding an appeal of this type are very limited, the success rate is low, so parents will want to weigh the effort involved against their chance of success before embarking on an appeal.

By law, an Independent Appeal Panel hearing an Infant Class Size appeal must consider the following matters:

- a) whether the admission of an additional child/children would breach infant class size limit; AND
- b) whether the admission arrangements (including the area's coordinated admission arrangements) complied with the mandatory requirements of the School Admissions Code and Part 3 of the School Standards Framework Act 1998; AND
- c) whether the admission arrangements were correctly and impartially applied in the case(s) in question; AND
- d) whether the decision to refuse admission was one which a reasonable admission authority would have made in the circumstances of the case.

Put simply, as well as checking whether giving another child a place will break the law, panels need to look at whether the admission arrangements for that school were legal, whether they were applied properly and whether in the circumstances it was reasonable not to offer your child a place.

A panel may only uphold the appeal where:

- a) it finds that the admission of additional children would not breach the infant class size limit; OR
- b) it finds that the admission arrangements did not comply with admissions law or had not been correctly and impartially applied, and the child would have been offered a place if the arrangements had complied or had been correctly and impartially applied; OR
- c) where it decided that the decision to refuse admission was not one which a reasonable admission authority would have made in the circumstances of the case.

Because of this framework, parents' personal reasons for wanting the school cannot be taken into account, so even if you feel very strongly that your child should have a place, you need to consider whether your appeal fits these grounds.

If you think the law has not been followed you should contact the Primary Admissions Team before appealing, so that a thorough investigation can be carried out. If it is clear that a school's admission arrangements did not comply with the law or were not correctly and impartially applied, the local authority, in conjunction with the admission authority may offer places without an appeal hearing.

If you think the decision to refuse your child a place was not reasonable, check first why the place could not be offered.

To agree an appeal on these grounds a panel must be satisfied that the decision to refuse to admit the child was 'perverse in the light of the admission arrangements' i.e. it was 'beyond the range of responses open to a reasonable decision maker' or 'a decision which is so outrageous in its defiance or logic of accepted moral standards that no sensible person who has applied his mind to the question could have arrived at it'. This is highly unlikely to be the case if the admission arrangements were lawful and correctly and impartially applied.

It is likely a panel would consider it entirely reasonable for a child to be refused a place at their nearest school, if other children had greater eligibility for the places available, even if this results in you being offered a school some distance from your home.

Please be aware that neither the schools nor the Local authority keep places available for children whose appeals are upheld – they will be admitted above the school's published admissions number as an 'excepted pupil.'

If you missed the deadline

While the closing date for KCC to receive applications online is Friday 15 January 2027, applications which are submitted no later than Thursday 11 February 2027 for a good reason will be treated as “on time” if it is reasonably practicable to accept them. In such cases, please email kentonlineadmissions@kent.gov.uk to request a RCAF or JCAF. Providing this information through any means other than a RCAF or JCAF provided by KCC will not be accepted.

If you have changed address or your child has changed schools as a result of moving house, KCC will be able to amend applications up until Thursday 11 February 2027 provided you have an exchange of contracts with a completion date or a signed rental agreement for the new property. Parents must email kentonlineadmissions@kent.gov.uk with details of any change of home address or other required amendment, ensuring that they contact us with the same email address used for their application. Please also refer to the section on ‘Which address to use’ on [page 14](#).

Applications received after Thursday 11 February 2027 but before Friday 30 April 2027 will not receive a school offer on Friday 16 April 2027. KCC will consider these new applications with applicants that have joined a school’s waiting list on the reallocation date of Thursday 27 May 2027. New applicants will be sent an email on this day where they have provided an email address, and letters will be posted first class to all other parents.

After Thursday 27 May 2027 you can request to go on any school’s waiting list and if places become available, schools will offer directly to parents. KCC will not make any further offers.

Applications made after Friday 30 April 2027 will be processed in a similar way to In Year Applications. Parents who have already received an offer of a school place from KCC should apply using an In Year Application Form (IYAF) returned directly to the school.

Kent residents who are applying to Kent schools for the first time should use a Post Reallocation Common Application Form (PRCAF). To apply via this method, please contact primaryadmissions@kent.gov.uk who will support and advise parents as well as provide a copy of the application method.

Where parents are having difficulties in finding a school place after Thursday 27 May 2027, or require support, please email kentinyearadmissions@kent.gov.uk or call 03000 412121 and ask for the In Year Admissions Team.

In year admissions

Reception or junior school (year 3) applications received after the start of term are called In Year Admissions.

In Year applications for Kent school places should be made direct to schools, using a separate copy of KCC's In Year Application Form (IYAF) for each child and each school applied. The IYAF can be obtained from www.kent.gov.uk/inyearadmissions or from any Kent school. Kent schools will let you know in writing whether they can offer a place and will inform KCC about the application and whether an offer has been made.

Schools which do not require children to take any entry tests will normally be expected to tell parents in writing within 10 school days, but they must be notified in writing within 15 school days of receiving the application whether they can offer a place.

If a school you apply for cannot offer you a place, the letter/email telling you this should explain how to appeal and how to put your child's name on the school's waiting list.

If a child has secured a place at school through the co-ordinated admissions process but has yet to start, they would still be considered as being on roll when a school assesses their sibling's applications against the school's oversubscription criteria.

If you are a Kent resident who has applied to your preferred schools but have been unable to secure a place, you can contact KCC's In Year Admissions Team at kentinyearadmissions@kent.gov.uk, who will let you know of any other schools which have places so that you can apply direct to these schools. If there are no places available and your child is out of school, the application may be referred to a local panel under the Fair Access Protocol (FAP), to decide which school can admit them. If your child is already attending a school in the local area, no alternative place will be offered.

If you want to apply in year for a place at a school located in another Local authority's area, please contact the Admissions Team for further information.

Summer born children

Children born between 1 April and 31 August are sometimes referred to as summer born children.

They have the same right to defer entry as any other child. This means they must start school at the beginning of the April term if they wish to keep their offer. Summer born children are not legally required to attend school until the start of year 1. Where parents wish for their summer born child to defer entry until the start of year 1, they must refuse their offered place, which may be offered to a different child, and then reapply through the in-year process during the last month of reception year.

Parents of summer born children also have the right to request that their child be allowed to apply for admission to reception the following school year. To do this, they will need to gain agreement from the admission authority of each school they wish to apply for.

To request admission to reception year outside of the normal age group, you should contact the Headteacher of each preferred school as early as possible during the normal application period for that child's date of birth. This will allow the school and admissions authority enough time to make a decision before the closing date. You may also complete an application for the normal point of entry at the same time, in case your request is declined.

This application can be withdrawn if the school's admissions authority agrees to accept your request for deferred entry into reception year the following year.

You are not expected to provide evidence to support your request to defer your application, but where provided, it must be specific to the child in question. This might include medical or Educational Psychologist reports. There is no legal requirement for this medical or educational evidence to be secured from an appropriate professional, but failure to provide it may impede a school's ability to agree to defer admission.

Where admission authorities agree to allow a child to apply for a reception place the following year, parents must complete a single application through our Out of Year Group RCAF and submit it to the local authority in the next application window. An Out of Year Group RCAF is available upon request by emailing primaryadmissions@kent.gov.uk. The written confirmation from each named school will need to be emailed to the team. Providing this information through any means other than a Out of Year Group RCAF provided by Kent County Council will not be accepted.

Deferred applications will be processed in the same way as all applications in the following admissions round and offers will be made in accordance with each school's oversubscription criteria. If none of your preferred schools can offer you a place as they received more applications than places available and other children have a higher priority, you will not be

guaranteed a reception place in an alternative school, although KCC will attempt to do so wherever possible.

The Department for Education have advised Local Authorities that they no longer intend to change legislation to provide parents with the right to decide which year their summer born child starts school. As such, the need to request as outlined above will remain a requirement and parents of pupils who are taught out of year group will have to complete a similar process when their child transfers to secondary school, or to a junior school where they currently attend an infant school. While guidance advises schools to consider a child's current year group when deciding whether to accept an application out of year group, there are no legal guarantees that a secondary or junior school of your preference will agree to your request. Parents should consider this potential possibility carefully before deciding whether to request admission outside the normal point of entry at reception year.

Home education

Parents have a responsibility to make sure their child is educated. Most children attend school for their education, but parents have the right to educate their child at home, this is called elective home education (EHE).

If you wish to educate your child at home and the child has never attended a school, you do not have to inform KCC, however it is good practice to do so.

If your child is attending school then you must put it in writing to the school that you wish to educate your child at home; the school have a statutory duty to inform KCC of your decision. Following receipt of your intention to home educate, a Support & Advice Officer from the Access to Education team will contact you to discuss the process and arrange a visit.

Educating your child at home is a big commitment and there's a lot to think about. If you are considering it, our guidance can help you make your decision. The team can be contacted at educationathome@kent.gov.uk.

Further information is available at www.kent.gov.uk/homeeducation.

School transport

Most primary school children live within walking distance of their schools, however if the school is some distance from the home, parents can apply for transport assistance.

You can apply for any school and we will try to offer you the place that you want, but as the admission criteria for schools are separate from the criteria for assistance with home to school transport, you will not automatically receive transport assistance to any school that offers you a place.

The schools you select as preferences will have a huge impact on your likelihood of securing transport assistance, so please consider if you will need help in getting your child to school when selecting them. Parents should therefore not wait until the school place has been offered before considering how they will get their child to school.

As a general rule, children under 8 years old will get free home to school transport if the school they will be attending is:

- the nearest appropriate school for transport purposes;
- more than two miles from home using the shortest available route.

Children above 8 years of age will get free home to school transport if the school they will be attending is:

- the nearest appropriate school for transport purposes;
- more than three miles from home using the shortest available route.

Appropriateness in this instance means:

- age appropriate – attendance at a primary or secondary school;
- ability appropriate – attendance at a mainstream or special school.

The nearest appropriate school for transport purposes is the school that is closest to your home via the shortest available route and that is suitable for the child's age and ability when the above criteria are applied. This differs from the admissions process, which predominately uses the straight-line distance between a child's home and school.

KCC will identify any school that is considered suitable by the Department for Education to provide education for the child's age and ability. This includes all Academies, Free schools, and faith schools, even if a family is not of the same faith. In some areas of the county, a child's nearest appropriate school may be located in another educational authority, outside of Kent.

Where parents name schools outside of their local area, in most cases it will be their responsibility to ensure their children can access their preferred school.

Eligibility

Assessment for eligibility for free transport to the nearest appropriate school does not normally take account of parents' preference for a single-sex or mixed school, a particular type of school like a grammar school, or school with a specialism.

You will not normally receive transport assistance to a different school if:

- you have not named the nearest school to your home as one of your preferences;
- you have named the nearest school but not as one of your highest preferences;
- you do not live over the statutory distance from the school.

If you have named the nearest school to your home and were refused a place, the Transport Eligibility Team will take this into account when assessing your application.

However, how your child will travel to and from school may be a factor you will need to take into consideration when making your school preferences known and you will need to consider carefully what options are available to you as transport assistance will not automatically be a given for any school that may have offered your child a place.

For children who live in towns and villages close to the county border, it is particularly important to understand which is your closest school for transport purposes. Transport will only be provided to the nearest appropriate school where it is more than 3 miles from the home and in some parts of the county this may be a school located in another education authority, outside of Kent.

If you wish to express a preference for a school which is not your nearest and is not within walking or cycling distance, alternative transport option available to you can be found at www.kent.gov.uk/schooltransport.

There are also some helpful links at www.kent.gov.uk for public bus service information.

Free transport usually means your child will get a season ticket (pass) for public transport, or a seat on a bus/vehicle hired by KCC. As transport is provided for so many children, it will not be possible to offer parents their choice of route or vehicle.

Low-income families

To qualify to receive transport assistance under low-income criteria, your child must be aged over 8 years and entitled to receive free school meals, or you must be in receipt of one of the benefits listed below:

- income support;
- income based Jobseekers Allowance;
- Child Tax Credit (without Working Tax Credit and with an annual income of no more than £16,385);

- guaranteed element of state pension credit;
- income related employment and support allowance;
- maximum level of Working Tax Credit;
- Universal Credit where children are also eligible for free school meals.

When parents receive Child Tax Credit but not Working Tax Credit, the level of yearly income (currently £16,385) would be taken into account when assessing the child's eligibility. If parents receive both Child Tax Credit and Working Tax Credit, then the Working Tax Credit element overrides the Child Tax Credit Element and parents must be in receipt of the maximum level of Working Tax Credit to qualify for transport assistance on low-income grounds.

In addition to receiving the above benefits, to be eligible for transport assistance, the child must be aged between 11 and 16 and:

- attend one of the 3 nearest schools to their home that is between 2 and 6 miles from their home;
- the school has been selected on the basis of parent's religion or belief, is the nearest school of that type to the child's home and is between 2 and 15 miles from the home.

The parent must demonstrate to KCC's satisfaction that the request is based on the requirements of their religion and that they do adhere to that religion, or that they hold the belief in question and that belief is materially relevant to the school chosen for their child. Where parents declare that they are practicing members of a religion or faith KCC will require evidence of this, including, where appropriate, the application form signed by the relevant religious representative.

Proof of receipt of the maximum Working Tax Credit is asked for and this is usually the form TC602, which is sent to you by HM Revenue & Customs. For a child who is entitled to free school meals the proof will be a letter from KCC's Awards Department.

Where applicants are in receipt of Universal Credit, they may be required to provide up to three months' worth of statements, however, they should initially provide the latest statement only.

Transport offered on these grounds will be reviewed annually. The Transport Eligibility Team must be advised of any changes to the family's or child's circumstances as soon as possible, to reassess the child's eligibility for transport assistance.

Additional information can be found within the Home to School Transport Policy. This can be found at www.kent.gov.uk/schooltransport.

Walking distances and routes

Statutory school distance is set in legislation and is different depending on the child's age. A child's school must be over the statutory school distance for them to be considered for free

school transport. For a child over the age of 8, the school must be over 3 miles from their home.

KCC will initially identify your nearest appropriate school via the shortest available route. School Transport distances are calculated between the permanent main residence and the school. Route assessments may take into account public footpaths, bridleways, other footpaths as well as recognised roads where they are available. Where the distance to a school is over 6 miles, vehicular road routes may be favoured regardless of where there may be shorter walking routes.

This initial assessment will not consider whether the chosen route is of a hazardous nature as there is no expectation that children will necessarily use this specific route to access their place of education. This stage simply establishes which school is the closest school to your home.

All distances between children's homes and schools are measured using KCC's own software and not any other internet measuring device. In this way, all children are assessed consistently in the same way under the distance criterion and conditions. Distances will be calculated to the school point defined in this software, which is not necessarily the nearest point between your home and the school's perimeter.

KCC will normally only provide transport assistance to your nearest school, if the school is over the statutory walking distance outlined above. Where a safe walking route is available to your nearest appropriate school that is shorter than the statutory walking distance, transport will not be provided as it is expected that your child would be able to walk to school. Where no safe walking route is available or where the shortest available safe walking route it is over the statutory distance, free school transport will be provided to your nearest appropriate school. A safe walking route is one where a child can walk safely accompanied as necessary by a responsible adult. Once your nearest school has been established, KCC will not consider the route your child may take to any other school, as they will not be eligible to receive free school transport to that school.

If parents live within the statutory walking distance and consider the route to their child's school to be hazardous, they can request for it to be assessed by KCC Transport Officers.

A route is considered hazardous where it would be unsafe for a child to make use of it even if they were accompanied by a responsible adult. While KCC uses this criterion to assess a route, parents must decide if they wish for their child to travel to school on their own and make alternative arrangements if they do not feel that this is appropriate.

To be eligible for a review, children must be attending their nearest appropriate school for transport purposes. The assessment will consider whether the route is a safe walking route. If a route is assessed as hazardous, free school transport will be provided.

The Transport Eligibility Team will not be able to advise you of the exact measurement, or which school is the nearest over the telephone due to the large number of applications received and their need to prioritise assessing them.

Applying for home to school transport

Shortly after National Offer Day, you will receive an email from the Transport Eligibility Team which will tell you if you are entitled to transport to the school that has been offered, further information on how to apply is included in this email. More information about how to apply can be found at www.kent.gov.uk/schooltransport.

If the child is eligible to receive free transport assistance, the Transport Eligibility Team will advise parents by email.

Other transport options

Vacant Seat Payment Scheme (VSPS)

Children who do not qualify for free transport because they live less than the statutory distance from school or because they are not attending their nearest school can apply for a vacant seat on a hired school vehicle.

The charge for this is £550 per year for each pupil (subject to change). Public Transport can give you more information. We offer this scheme annually, so you must re-apply each year. There is no guarantee that the scheme will always be available and even if you are offered a seat when you apply, it may not be possible to offer a seat to you in subsequent years. Where seats are no longer available, parents will be given notice until the end of that academic year, after which they will have to make their own arrangements.

Parents should also note that these seats cannot be allocated until all entitled pupils have been processed and are issued on a first come, first served basis. This does mean it can take several weeks after the start of term before a pass is issued.

During this time, parents are responsible for making their own travel arrangements. To apply for a Vacant Seat, parents should tick the appropriate box on the application form when applying for transport assistance.

School transport and the environment (sustainable transport)

Tackling the school run

We are committed to working with schools, parents, and pupils to reduce congestion caused by the school run (the busy period when parents drive their children to and from school). It's estimated that at least one in five vehicles on the road at 8.45am are taking students to school which has a huge effect on how we all get around. The school run also adds to pollution and carbon emissions that affect air quality and climate change.

We are also working to develop healthy schools and to encourage young people to take part in more physical activity. Walking and cycling to school is a good way to get more exercise and is proven to benefit health and wellbeing, attendance, and pupil performance.

School Travel Plans

Nearly all of Kent's schools now have a School Travel Plan. This is a strategy and action plan, tailored to the school, which seeks to encourage and facilitate sustainable travel choices by pupils, adult carers, and staff. We continue to offer advice to schools, through our travel plan management database, to help increase and sustain the proportion of active, healthy, safe, and sustainable journeys to and from school.

Kent schools have been very successful at producing School Travel Plans to encourage sustainable travel to schools.

Most Kent schools now have a plan so you may wish to contact the headteacher of your school to find out about their actions for encouraging sustainable travel.

Walk to school

KCC promotes and encourages walking to school given its benefits to health and wellbeing. Even if you can't walk to school every day or live too far away, you could consider walking just once a week or 'park and stride' by parking a short distance from the school and walking the last bit of your journey. You can find out how to include active travel options in your journeys at www.kentconnected.org.

Cycle to school

KCC is actively improving cycle routes across the county. For information about cycle routes in your area visit www.kent.gov.uk/cycling. Printed maps are available for some locations and can be found in libraries, Gateways and Tourist Information Centres.

Care sharing/buddy scheme

Parents can reduce the cost and time involved in the school run by sharing cars with friends and neighbours.

They can find out more about sharing cars in Kent on the website www.liftshare.com/uk, or ask their chosen school if they can match them with parents travelling from the same area. If half of UK motorists received a lift one day a week, congestion and pollution would be reduced by 10%.

Responsible parking

Inconsiderate parking and manoeuvring in the vicinity of school entrances can present a significant safety hazard. Parents should support their school, other road users and local residents by avoiding parking on 'Keep-Clear' markings and, where possible, park or drop-off a safe distance from the school and encourage pupils to walk to the school gates.

KCC works with schools, Kent Police and Local Civil Enforcement teams to act against inconsiderate and dangerous parking. For further details and access to our online toolkit and resources please go to www.responsibleparking.co.uk.

General information

Children with disabilities

Some children may have a disability within the meaning of the Equality Act 2010. It is unlawful for a school in relation to certain activities to treat a disabled child less favourably than a nondisabled child, without justification.

The activities where a school must take care not to discriminate unfairly concern admissions, exclusions, and the provision of education and related services. A school must make reasonable adjustments to ensure that it does not treat a disabled child less favourably although reasonable adjustments do not extend to physical adaptations or the provision of equipment. A school can justify its actions where it can demonstrate that the adjustments required are unreasonable. A disability is defined as a physical or mental impairment that has a substantial and long-term adverse effect on the person's ability to carry out day to day activities.

There will be some children who have an EHCP who do not fit this definition but equally, there will be children who do not have an EHCP who are considered to have a disability.

For information on accessibility facilities available at Kent schools, please see the Kent School Accessibility App at www.kent.gov.uk/schoolaccessibilityapp.

If you think that your child has been discriminated against on the grounds of a disability in relation to the arrangements made for his or her admission, you may have a right of appeal. Advice is available at www.gov.uk.

School Fund

There is no charge or cost for admission to a maintained school, and nothing published in a school's own prospectus or said at an open evening about contributing to the School Fund should put you off applying for a place. Most schools operate a School Fund to help them pay for extra activities and equipment which cannot be provided from the school's own budget, and they invite parents to contribute to it if their child takes up a place there. Contributing to a school fund is entirely voluntary.

School activities and associated charges

Charges cannot be made for the education provided during school hours. You may, however, be charged for the cost of materials for subjects such as craft or cookery if you want your child to bring the finished article home. You will also be charged if you take up the offer of individual music tuition at your child's school.

Many schools arrange activities such as swimming, theatre visits or excursions which take pupils away from the classroom during school hours. You will be told about these in advance and may be invited to make a voluntary contribution towards their cost. Although your child will not be left out because you do not make a contribution, the success of these activities depends on the willingness of parents to cover the costs.

Most activities which take place out of school hours are regarded as optional extras for which a charge may be made. School's individual prospectuses give the times when school begins and ends. For charging purposes, the lunch break is considered to fall outside of school hours.

Full details of KCC's charging and remissions policies are available from schools. Copies may also be inspected at public libraries. The charging and remissions policies adopted by individual Governing Bodies should be explained in the individual school prospectus.

School meals

The Children and Families Act 2014 places a legal duty on state-funded schools in England, including Academies and Free schools, to offer a free school lunch to all pupils in reception, year 1 and year 2.

A primary school main meal will typically cost between £2.50 - £3.00 (subject to change). However, this depends on the suppliers and the meal choices available. Free school meals are available for:

- children from families who receive Universal Credit – if you apply on or after 1 April 2018 your household income must be less than £7,400 a year (after tax and not including any benefits you get)
- children from families who can provide evidence that they receive Income Support, Income Based Job Seeker's Allowance or the guaranteed element of Pension Credit;
- children from families who receive Child Tax Credit, provided they do not receive Working Tax Credit and have an annual income (as assessed by HM Revenue and Customs) which does not exceed £16,385 (subject to change under the proposed government universal credit changes). Further details are available at www.gov.uk/universal-credit.
- The children of Asylum Seekers who are supported under part IV of the Immigration and Asylum Act 1999 and can provide appropriate documentation from the National Asylum Support Services.

For further information and advice, please see www.kent.gov.uk/education-and-children or email freeshoolmeals@kent.gov.uk.

Religious education

The law requires Community, Foundation and Voluntary Controlled schools and Academies, which do not have a religious character, to provide religious education that fulfils the

requirements of a local agreed syllabus. The syllabus will reflect the fact that the religious traditions in Britain are mainly Christian, whilst considering the teaching and practices of other principal religions represented in Britain. Voluntary Aided schools and Academies with a religious character normally follow a syllabus which reflects their religious designation.

Religious education is intended for all pupils, but parents do have the right to withdraw their child from all or part of RE. If you think you may wish to do this, you are encouraged to discuss the religious education provision in the school with the Headteacher.

Collective worship

Taking each school term as a whole, most acts of collective worship in schools and academies that do not have a religious character will be wholly or mainly of a broadly Christian character.

Voluntary Aided and Voluntary Controlled schools and Academies with a religious character must deliver collective worship in line with their trust deeds, articles of government or funding agreement. For example, if the school is a Church of England or Roman Catholic school, the worship must be Christian and should reflect the denomination of the school.

Like religious education, collective worship is intended for all pupils, but parents do have the right to withdraw their child from it. You may want to find out more about collective worship in the school before you make your decision.

Maintaining good behaviour

All our schools encourage a high standard of behaviour from pupils, both in and out of the classroom. We believe that education is very much about passing on the values of courtesy, consideration for others, tolerance and understanding.

Self-discipline is what we are looking for in our pupils. We want them to have pride in themselves and in how others see them.

Parents are encouraged to help develop responsible attitudes in their children and the county's schools are encouraged to maintain a close partnership with parents.

Each school has its own discipline or behaviour policy which lays down the ground rules for behaviour inside schools and whilst pupils represent the school. The policy will detail what solutions the Headteacher, and governors will consider in case of misbehaviour.

Private fostering

A privately fostered child is a child under 16 (or 18 if disabled) who is cared for by an adult who is not a parent, grandparent, aunt, uncle, step parent (including civil partnerships), sister or brother where the child is to be cared for in that person's home for 28 days or more. A private foster carer is someone who cares for another person's child in their own home such as:

- extended family members (great-aunts, great-uncles, cousins);
- someone who is called 'aunt' or 'uncle' but is not related to the child;
- a friend of the family;
- someone who is not married to the child's mother or father but is a partner or ex-partner.

There are many reasons for a child being privately fostered such as:

- a parent is ill;
- a parent is in prison;
- a parent is going abroad;
- the relationship between the parent and young person has broken down;
- family crisis or bereavement;
- parents might be studying or working long hours;
- a child has come from another country to study English privately or at a language school.

The law requires anybody who is privately fostering a child, or who is intending to do so, to notify social services. If you are already caring for a child under a private fostering arrangement, you must notify social services immediately.

Social services have a legal duty to make sure that the welfare of all privately fostered children is safeguarded and promoted and that they are living in safe and suitable surroundings. Social services give advice to parents, private foster carers and any child who is being privately fostered.

Please contact Specialist Children's Services on 0300 041 1111 and ask to speak to someone about a private fostering arrangement if you need to advise about a proposed private fostering arrangement or need some advice or guidance. More information is also available at www.kent.gov.uk/education.

Primary School Public Health and Immunisation Service

Local teams led by Public Health school nurses work with schools, parents, and other services to improve the general health and wellbeing of all primary aged children and their families. The teams provide advice, support and help with a variety of health issues including daytime and nighttime wetting and soiling, behaviour management, healthy eating and lifestyle, emotional health and wellbeing, puberty and growing up, stopping smoking, drug and alcohol misuse, sleep, and complex health needs.

We also undertake the National Child Measurement Programme, vision, and hearing checks. Parents with a child or children starting school in reception class will also receive an online Health Assessment to complete, to make sure that their child receives any support they need as soon as possible. We work with children, young people, and families in Kent. You do not have to be in school to use this service. More information on our service can be found at

www.kentyouthhealth.nhs.uk. Or email us at nem-trkentchildrenandyoungpeoplehealthservices@nhs.net. Or call 0800 123 5205.

Every child in primary school will also be offered the nasal flu vaccination. This will take place between October and December. You will receive a letter to consent for your child to receive this vaccination. More information on this is available at kchft.cyp-immunisationteam@nhs.net or call us on 0300 123 5205.

Other admissions information

We understand from the latest medical advice that children with cystic fibrosis should avoid contact and not share classrooms or communal areas, due to the increased risk of cross infection from one child with cystic fibrosis to another cystic fibrosis child. Consequently, prospective parents of children with cystic fibrosis are advised to discuss this with their preferred schools. Smaller schools may find it difficult to provide the segregation that is required and may therefore adopt a policy of having only one child with cystic fibrosis on roll, or in close years, in order to ensure adequate separation is maintained. For further advice, in the first instance please contact your local Cystic Fibrosis Nurse Specialist or Team.

Help for children with additional/special educational needs

Education and Children's Social Services, together with Health Care Professionals work jointly to identify and support children with additional and special educational needs as early as possible. This means pupils may have been identified as having additional/special educational needs before they enter school.

If your child has an Education Health & Care Plan (EHCP) or will have one by Friday 25 September 2026, their move to Primary school will arranged by the SEN Data Coordination Team, as their application will be different to that for a child without an EHCP it's important that you have spoken to this team – SENDataCoordination@kent.gov.uk

If your child is going through the statutory assessment process, but does not have an EHCP by the Friday 15 January 2027 you should not assume an EHCP will be issued at the end of that assessment period. You should therefore apply for a school place as described in this book. If you fail to do so and your child does not receive an EHCP you may not get a place at a school of your preference as all the places may be filled.

If your child is then given an EHCP as part of the assessment process, your mainstream application will be withdrawn and their application will be looked after by a SEN placement officer.

For further information about the EHCP process please contact:

- sendadmingeneral@kent.gov.uk – if your child is going through the statutory assessment process

- sendatacoordination@kent.gov.uk – if your child has an EHCP already.

Schools provide a broad and balanced curriculum and supportive framework to enable most children with additional/special educational needs to be included in mainstream schools. You will find in every school's individual prospectus a statement on how they support pupils with additional and special educational needs. When you know where your child will be going to school, you should discuss your child's needs with the Headteacher or SENCO. This will help the school determine how they can best support your child.

Many children require additional help either in specific subject areas, or socially/emotionally at some point in their school career, and these needs are identified through the monitoring of children's progress at school. If you have concerns about your child's needs, please discuss these with the school. In the same way, the school will discuss with you any concerns it has about your child's progress.

Additionally, you can also contact IASK for support (see below).

Information, Advice and Support Kent (IASK)

IASK offers confidential and impartial, information, advice, and support for parents* of children with special educational needs or disability and the same service is offered to children** and young people*** who have special educational needs or disability.

IASK has an experienced team available to listen and discuss any issues parents may have around their child's education. Working at arm's length to the authority IASK aims to empower parents, children, and young people to fully participate in discussions and make informed choices.

* parents includes all those adults with parental responsibility and carers

** children 0-16 compulsory school age

*** young people 16-25

IASK can:

- be available and accessible to answer questions via a telephone helpline or in the local community;
- offer time to discuss issues in depth and explore options;
- support at meetings with school and/or the Local authority (subject to availability);
- provide information about other agencies and processes;
- help parents to communicate their views or concerns;
- help prepare paperwork;
- help with queries about the education system;
- provide information about social care and short breaks;
- provide information about appeals to the SEND Tribunal and support to attend mediation;

- provide a range of information leaflets about education processes (available in other languages on request).

How to contact IASK

Telephone helpline: 03000 413000.

Email: iask@kent.gov.uk

The helpline is open Monday to Friday 9am-5pm (answerphone and email are available 24 hours). Or book a slot at our virtual or in-person information sessions to speak to a Family Involvement Worker. We also offer workshops about different SEN topics. For further information, please see www.iask.org.uk.

If you would like to keep up to date about SEND information, please see the IASK Facebook page: Information Advice and Support IASK.

Your guide to data protection

The General Data Protection Regulation (GDPR) gives rights to you, our customers, about how your personal information is obtained and used by KCC. GDPR also places obligations on KCC. This guide informs you of your rights under GDPR and details how we handle your personal information. Parents can find KCC's Admissions Privacy Notice at www.kent.gov.uk/privacy.

What information we hold and how we obtain it

Generally, we receive information about you from one or more of the following sources;

- the Primary school your child attends;
- KCC Admission Application Forms you complete and send to us.

We will hold your child's name, date of birth, school and address history and any information you provide us to apply under a preferred school's oversubscription criteria (e.g. sibling name, church attendance, FSM status etc.)

We will also hold the applying parent's name and address. This information will be added to your child's central education electronic record, which will be kept until your child's 25th birthday.

For clarity, child information and applicant information are treated differently. Child information relates to the child and their admissions record, such as their Kent Test result or school offer. Applicant information relates to the person who submitted the registration or application and may include that person's account information, address, contact details and named school preferences.

How we use your information

We use your information for one of a number of purposes, which are outlined below:

- to process your child's school application and allocate your child a place at a school under the School Admissions Code (2021)
- to communicate with the named applicant about the application, including offers, waiting list information and other relevant updates;
- to share identifying information with schools and the DfE, other local authorities and relevant officers in KCC where this is necessary for admissions, strategic planning and policy development.

KCC can only accept and process one primary or junior school application for each child. Further information about duplicate applications and parental disagreement is set out in the [Multiple applications](#) section.

Requests from parents or persons with parental responsibility

A parent or person with parental responsibility who is not the named applicant may request information about their child's admissions record. KCC will consider each request in accordance with data protection obligations, safeguarding considerations, any relevant court orders or legal restrictions, and KCC's published admissions scheme.

Where information is shared with someone who is not the named applicant, it will be limited to child information, such as their school offer. It will not include the named applicant's personal information, account details, school preferences, contact details, correspondence, or other applicant information unless there is a separate lawful basis to share it.

A parent with parental responsibility may request duplicate correspondence containing their child's school offer by emailing primaryadmissions@kent.gov.uk. Identity and parental responsibility checks may be required before information is released.

Caring for your information

We undertake that we will have in place a level of security appropriate to the nature of the information and the harm that might result from a breach of security. This means we will look after your personal information properly.

We will further undertake that we will:

- not hold information about you that is excessive in relation to the purpose for which it is processed;
- keep any information about you accurate and where necessary, up to date. To help us do this, please keep us informed if any of your details change;
- not keep information processed for any purpose or purposes longer than necessary;
- process your information in accordance with your rights under GDPR;
- not share your information with other people unless it is required by law or with your consent.

Your rights

The General Data Protection Regulation controls how your personal information is used by organisations, businesses, or the government. Under this legislation you have the right to:

- access any personal data held about you;
- have inaccurate information about you corrected;
- to be forgotten (erasure);
- restrict processing;
- object to processing;
- stop automated decision making;
- data portability.

You can exercise any of these rights by emailing dataprotection@kent.gov.uk. Before we can continue with your request, you will need to provide:

- proof of identify;
- proof of your current address.

If you have asked for a copy of any personal information we hold about you, you may have to pay a fee for the administrative costs of providing you with this information. We will tell you if you need to pay us anything and we reserve the right to waive any fees.

We will respond to you within one month of receiving your written request although we can extend this to three months if your request is complex.

The time period starts from when we receive sufficient information plus proof that you are who you say you are to progress your request, so please be as specific as possible in your written request. We will contact you if we need more information.

General information about GDPR and your rights can be found on the Information Commissioners website at www.ico.org.uk.

Kent schools

Types of schools

When you look at the information for individual schools in this section, you will see that there are different school types.

Community and Voluntary Controlled schools

These schools are run by KCC. This means KCC is their admission authority. KCC will therefore decide what their admission arrangements will be, as well as run their admissions process.

Foundation, Free and Voluntary Aided schools

These schools are their own admission authority, so they make decisions about what their admission arrangements will be but consult with KCC and are part of KCC's co-ordinated admissions process. Free schools are all-ability state-funded schools set up in response to local community needs. Foundation and Voluntary Aided schools were set up by voluntary bodies such as churches or charitable foundations.

Academies

There are two types of academies. Some are all-ability schools set up by sponsors from business, faith or voluntary groups working in partnership with central government and local education partners. Others are existing schools which have converted to Academy status. The Department for Education (DfE) covers the costs of Academies, and their admission arrangements are agreed with the Secretary of State. Although they are effectively Independent schools, they provide free education, and they take part in KCC's co-ordinated admission process.

New schools for 2027-28

There are no new schools expected to open for September 2027.

Linked infant & junior schools

Children attending linked infant schools are given priority when applying for the linked junior school.

Linked schools

DfE no.	Infant school	Linked with	DfE no.	Junior school
2514	Brookfield Infant School		5223	Brookfield Junior School
2329	Callis Grange Nursery and Infant School		3360	St Peter-in-Thamet CE Junior School
5212	Ditton Infant School		5208	Ditton CofE Junior School
2263	Herne Bay Infant School		5206	Herne Bay Junior School
3295	Herne CE Infant & Nursery School		3338	Herne CE (Aided) Junior School
2500	Joydens Wood Infant School		2438	Joydens Wood Junior School
2513	Oaks Community Infant School		2463	Minterne Community Junior School
2459	Riverhead Infant School		2141	Amherst School
2626	Sandwich Infant School		2627	Sandwich Junior School

Last year's outcomes

In September 2026 there were 16,596 reception aged children requesting places across Kent.

For admission to reception year, 98.22% of pupils got a place at one of the schools named as a preference with 89.65% getting an offer of a place at their 1st preference school.

For admission to Year 3 (junior school) 100% of pupils got a place at one of the schools named as a preference with 99.75% of pupils getting an offer of a place at their 1st preference school.

You will find information below about last year's offer day which includes the school's intake, the number of applications that were received for each school (which includes all 1st, 2nd and 3rd preferences and applications from children with an EHCP), the total number of offers and the last distance the lowest ranked child that was offered lived from the school in miles.

Please be aware that the distance of the last child offered can change from year to year depending on the number of children that apply and where they live. Whilst you may live closer to the school than the distance given for the last child below, it does not necessarily mean that your child would be offered a place this year. The distance of the last child offered may also have been to a child offered under a higher criterion than your child.

The table below also indicates which schools are their own admission authority who can have more complex oversubscription criteria than KCC's community and voluntary controlled criteria (LAC, sibling, health and special access, distance). Please contact these schools directly if you need help to work out which criteria your child is likely to qualify for or read their admissions criteria at www.kent.gov.uk/admissionscriteria.

Admissions Offer Day outcomes for 2026 entry

DFE No.	School Name	Intake	Total Applications (inc. EHCP)	Offers (inc. EHCP)	Offers

Contact information

Kent County Council (LA: 886)

	Primary admissions enquiries: primaryadmissions@kent.gov.uk
	Online application enquiries: kentonlineadmissions@kent.gov.uk
	School transport enquiries: homeschooltransport@kent.gov.uk
	Special Educational Needs enquiries: sendadmingeneral@kent.gov.uk
	www.kent.gov.uk/education
	03000 412121 The helpline is open Monday to Friday, 9am – 5pm.

I have more questions, who else can I talk to?

If you have looked at this book, visited the schools and talked to your child's teachers but still have questions on the primary application or junior transfer process, the Primary Admissions Team can be contacted on the details above.

Alternatively, your nursery may be able to offer you any extra help or advice if you are finding the primary application process difficult to understand. If your child is already at an infant or primary school and you are looking to transfer them to a junior school, the school may have a Family Liaison Officer (FLO) or Parent Support Adviser (PSA) who you can talk to.

Glossary

Term	Definition
Admission authority	The body that decides upon and applies the admission arrangements for a school. In relation to a Community or Voluntary Controlled school means the Local Authority and, in relation to a Foundation or Voluntary Aided school and Academy, means the governing body of that school.
Admission arrangements	The arrangements for a particular school or schools which govern the procedures and decision making for the purposes of admitting pupils to the school. Sometimes also referred to as an Admissions Policy.
Admission criteria	The set of rules which a school uses to place children into priority order, or rank, if it receives more requests for places than it has spaces available.
Appeal panel	This is the independent panel which hears appeals relating to school admissions.
Coordinated Scheme	The process used by a Local authority to ensure the distribution of offers of places for schools in their area during the normal admission round.
Community school	These schools are run and funded fully by the Local authority, who determine their admission arrangements and make admissions decisions.
Compulsory school age	Compulsory school age refers to the point at which a child is legally required to begin full time education. A child reaches compulsory school age on the prescribed day after their 5 th birthday (or on their 5 th birthday if it falls on a prescribed day). The prescribed days are 31 December, 31 March and 31 August.
DfE number	The unique identification number assigned to an individual school by the Department for Education (DfE). This number helps to avoid confusion between schools with a similar name.
EHCP	Education, Health & Care Plans (formally Statement of Special Educational Need) is a formally recognised assessment of a child's educational needs and can name a school as suitable to provide education for that child.
Eligible for a place	Means that a child has been placed on a school's ranked list at such a point as falls within the school's published admission number.
Foundation school	Foundation schools are funded by central government via the Local authority, but the governing body is responsible for the admission arrangements.
Free school	A type of academy which is an all-ability, state-funded school set up in response to what local people say they want and need to improve education for their children. Free schools are run by their own governing body.

Grammar school	A secondary school which only admits children who have passed the relevant selection test (e.g. Kent Test).
Infant school	Infant schools admit children aged 4 to 6 years. The year groups are from reception year to year 2.
Junior school	Junior schools admit children aged 7 to 11 years. The year groups are from year 3 to year 6.
KCC	Kent County Council.
Kent Test	A selection test which assesses a child's suitability to be educated in a Kent grammar school.
LA	A local authority.
Local authority area	The area in respect of which Kent County Council is the Local authority.
IYAF	In Year Admission Form – this is the form used by parents to apply for a school place outside of a school's normal point of entry.
Last distance offered	The distance that the lowest ranked child offered a place at the school lived from the school in miles.
Local authority allocation	If none of the parent's preferred schools can offer a school place the Local Authority will allocate a child a school place. This will usually be at the nearest school to the home address which still has remaining places available after all other applications have been considered.
Local authority (LA) Number	The unique identification number assigned to each individual local authority. Kent County Council is 886.
National Offer Day	The date you will find out the result of your application (Friday 16 April 2027)
Normal admission round	The period in which parents may apply for a school place for the first point of entry to a school in the following academic year.
Oversubscribed	A school is oversubscribed when it has more applications than it has places available.
Primary school	Primary schools admit children aged 4 to 11 years. The year groups are from reception year to year 6.
Preferences	Parents can name up to three schools they would like their child to attend. However, there is no guarantee that a place will be available if any, or all, of the preferred schools are oversubscribed.
Published Admission Number (PAN)	This is the number of places available in each year group at a school and is based on the available usable space in the school.
Secondary school	Educates children from year 7 to year 11 (11yrs old – 16yrs old) and sometimes sixth form
SIF	Supplementary Information Form – This is a form used by some schools which may be used by them to collect additional information at the time of application for them to apply their over subscription criteria. They are most used by Faith Schools to collect details in relation to a level of commitment to Faith which can be a factor in the priority given.
Summer born	A child born between 1 April and 31 August.

Sixth form	Years 12 and 13 at a secondary school – not all schools have these.
Reallocation	The period in which parents, who were not offered a place in the normal admission round at their preferred school may join the waiting list for entry to a school, and those who have missed the original deadline for applications may be considered for places.
