# 1. INTRODUCTION

This annex summarises the way in which the Kent Waste Local Authorities have prepared their Joint Municipal Waste Management Strategy (the Strategy). It contains information on:

- Who was Involved in Developing the Strategy;
- Officer Engagement;
- Member Engagement;
- Community Sector Engagement;
- Wider Community Engagement;
- Strategy Publicity;
- Sustainability Appraisal.

# 2. HOW WAS THE STRATEGY DEVELOPED?

## 2.1 WHO WAS INVOLVED IN DEVELOPING THE STRATEGY?

Kent's Joint Municipal Waste Management Strategy (JMWMS) has been developed through the Kent Waste Forum (KWF) over a number of phases from September 2005 through to November 2006.

The Kent Waste Forum comprises of elected members from each of the twelve District and Borough Councils in Kent, the County Council, the Association of Parish Councils, the Environment Agency and ReMaDe Kent and Medway. Representatives from Medway Unitary Authority also attend, and input into Strategy development. The KWF meets roughly three times a year to discuss current and future issues. Support in developing the Strategy was provided by Environmental Resources Management Ltd (ERM) funded by Department for Environment, Food and Rural Affairs (Defra).

The JMWMS strategy has been developed in parallel to the Waste Development Framework (WDF), which focuses on the planning and site procurement aspect of waste management in Kent. The WDF consultation ran concurrently with the JMWMS consultation, with many participants commenting on both.

## 2.2 STAGES IN STRATEGY DEVELOPMENT

The key stages of the Strategy development are illustrated below:

Figure 1 – The Strategy Process

Annex A provides a detailed timeline of the Strategy progression.

# 3. OFFICER ENGAGEMENT

## 3.1 OFFICER WORKSHOPS

From August 2005 until April 2006 a series of officer workshops involving representatives from each of the twelve Districts, Boroughs and KCC were run by ERM to develop the draft Strategy. These workshops ensured that all authorities were in agreement and involved when developing the policies. The workshops provided each Authority the time and opportunity to offer their detailed views.

## 3.2 WHO WAS INVOLVED?

There were a number of workshops covering each topic. At least one officer from each of the District and Borough Councils and KCC attended a workshop on each theme.

## 3.3 *MEETING DETAILS*

• Four 'Visioning' workshops were held on 30<sup>th</sup> August 2005, 9<sup>th</sup> September 2005, 12<sup>th</sup> September 2005 and 15<sup>th</sup> September 2005.

As a result of these workshops a set of objectives and important principles were developed. These objectives and principles provided a draft vision for how waste should be managed in Kent in the future.

 Three 'Waste Minimisation and Recycling and Composting' workshops were held on 7<sup>th</sup> November 2005, 10<sup>th</sup> November 2005 and 11<sup>th</sup> November 2005.

The waste growth rate and strategic recycling options, including kerbside collections, were discussed at these meetings.

 Three 'Residual Waste' workshops were held on 21<sup>st</sup> November 2005, 22<sup>nd</sup> November 2005 and 23<sup>rd</sup> November 2005.

This workshop focused on the residual waste technology options available to increase capacity and recovery in Kent.

 Four 'Finding the Way Forward' workshops were held on 19<sup>th</sup> April 2006, 21<sup>st</sup> April 2006 and 28<sup>th</sup> April 2006.

The overall objective of these meetings was to develop the Headline Strategy and the policies within it.

## 4. MEMBER ENGAGEMENT

## 4.1 KENT WASTE FORUM

The existing Kent Waste Forum (KWF) steered the process of Strategy development and were used as a vehicle to engage members' views as representatives of the people of Kent. The meetings involved the presentation of key Strategy information with the opportunity for further discussion.

#### 4.1.1 Who was Involved?

Invitees to the KWF meetings included: elected Members and officers from each of the Kent District and Borough councils and Kent County Council and community representatives such as Kent Association of Parish Councils, Medway Council, ReMaDe Kent and Medway and The Environment Agency.

#### 4.1.2 Meeting Details

Six KWF meetings were held at specific stages of Strategy development.

• 13<sup>th</sup> October 2005, East Malling Research Centre.

Introduction to the Strategy and presentation by ERM consultancy. The Working objectives of the Strategy were agreed.

 13<sup>th</sup> December 2005, University of Greenwich Conference Centre, Kings Hill, West Malling.

Overview of waste minimisation, recycling and residual options, presented by ERM. Copies of the Baseline Report for the Strategy were distributed to all authorities.

 9<sup>th</sup> March 2006, University of Greenwich Conference Centre, Kings Hill, West Malling.

The Strategy timescales were reviewed. ERM discussed their plans to work with individual authorities' officers in April 2006 and to hold workshops at the end of April with the aim to gain a consensus on waste minimisation, recycling, composting and residual waste options. It was decided that a 'Headline Strategy' should be prepared by May 2006. It was agreed that the Headline Strategy should be shared as a consultation draft with the Kent Waste Open Forum representatives during June/July 2006. It was decided that the revised Headline Strategy and Action Plan would be available for adoption for each authority at the end of September 2006.

 5<sup>th</sup> July 2006, University of Greenwich Conference Centre, Kings Hill, West Malling.

The draft consultation Strategy was discussed and agreed upon. The group was informed of the accessibility of the public consultation process and the surrounding publicity. ERM presented the timetable of the next stages of the Strategy development. The development of action plans was addressed.

 19<sup>th</sup> September 2006, University of Greenwich Conference Centre, Kings Hill, West Malling.

An update on the consultation process was given, with details of publicity undertaken. It was noted that all information from the consultation will inform the Headline Strategy and Action Plans.

• 16<sup>th</sup> November 2006, University of Greenwich Conference Centre, Kings Hill, West Malling.

ERM presented on the consultation responses. Following the consultation feedback, amendments to the Headline Strategy where agreed. The KWF agreed that the Strategy should now be accepted for adoption.

#### 4.2 MEMBER BRIEFINGS

Member briefings and roundtable discussions were held to provide Members with the opportunity to discuss the Strategy with ERM and raise any issues. The events provided education and information about the Strategy development.

#### 4.2.1 Meeting Details

#### • June 2005

This briefing introduced the Members to the Strategy process.

• 29<sup>th</sup> November 2005.

This briefing offered Members the chance to address issues that were emerging in the preparation of the draft Strategy.

• 13<sup>th</sup> December 2005.

During this Member briefing ERM presented the progress so far and the next steps in the Strategy development.

• 12<sup>th</sup> June 2006.

At this Member briefing the key features of the draft Headline Strategy were discussed, with particular reference made to recycling and composting targets.

# 5. COMMUNITY ENGAGEMENT

#### 5.1 KENT WASTE OPEN FORUM MEETINGS

Kent Waste Open Forum (KWOF) meetings were held for the key stakeholders in waste management to ensure that the Strategy was informed by a broad range of views. These interactive sessions were held to engage further stakeholder participation.

#### 5.2 WHO WAS INVOLVED?

Invitees to the KWOF meetings included: elected Members and officers from each of the Kent District and Borough councils and Kent County Council. Representatives from the voluntary, community and waste industry sectors, the Environment Agency, neighbouring authorities, Parish councils and the local community were also invited to attend.

## 5.3 *MEETING DETAILS*

Three KWOF were held at key stages of the Strategy development.

 13<sup>th</sup> October 2005, University of Greenwich Conference Centre, Kings Hill, West Malling.

The first meeting focused on the strategy vision and principles. It was agreed that a clear waste management vision statement was necessary for Kent. The group discussed options, initiatives and targets with regards to waste minimisation, recycling and composting. The group evaluated the Landfill Allowance Trading Scheme and different waste technology options.

 9<sup>th</sup> March 2006, University of Greenwich Conference Centre, Kings Hill, West Malling.

This session focused on the options for waste reduction, recycling, composting and residual waste. The group discussed the environmental impacts, financial and risk issues, social impacts of each of the waste options. ERM presented the on the progress of the JMWMS for Kent.

• 19<sup>th</sup> September 2006, University of Greenwich Conference Centre, Kings Hill, West Malling.

This session focused on the Headline Strategy, consultation and the development of the action plans.

Annex B provides an example delegate list for the KWOF meetings.

# 6. WIDER COMMUNITY ENGAGEMENT

## 6.1 COMMUNITY DISCUSSION GUIDE

Between April and July 2005 the Kent community was invited to highlight waste management issues in the county, to identify where waste management responsibilities lay and to offer solutions to any identified problems. Dialogue by Design produced and distributed a discussion guide to and invited over 2000 organisations and individuals to take part in the consultation. The findings were considered and used to inform the JMWMS for Kent.

The dominant issues raised by the community were recycling facilities, recycling awareness and support, packaging materials and organics composting, constituting more than 50% of the recorded issues.

Annex C provides a list of those invited to take part in the consultation and provided with discussion guides.

## 6.2 COMMUNITY SECTOR MEETINGS

Local waste community and voluntary representatives were invited to express their views on waste management at two workshops run by ERM and KCC.

#### 6.2.1 Meeting Details

One meeting was held before the draft strategy completion and the other during the public consultation phase.

• 20<sup>th</sup> February 2006, East Malling Conference Centre.

In this first session the attendees from the waste community and voluntary sector were invited to discuss how they could support improved waste management in Kent and what assistance they deemed necessary. The representatives were encouraged to share best practice and new ideas.

• 26<sup>th</sup> September 2006, The Friars, Aylesford.

This event was designed for representatives from the waste community waste sector. The session focused on how the Community Waste Sector the Kent Waste Parternship can work together effectively to take the Strategy forward. Action Plans for the Community Waste Sector were developed.

# 7. STRATEGY PUBLICITY & CONSULTATION

## 7.1 PUBLIC CONSULTATION DOCUMENTS

The draft Strategy was developed as a result of extensive dialogue with stakeholders over 15 months, as outlined in Sections 5.0 and 6.0. The public consultation, ran for ten weeks from 26<sup>th</sup> July 2006 until 4<sup>th</sup> October 2006, and represented a further opportunity for key stakeholders to provide their views and for the public to consider the draft policies. The JMWMS consultation ran at the same time as the Waste Development Framework (WDF) consultation to ensure synergy between the two processes and joint learning.

Over 2,000 organisations and individuals were sent letters on 25<sup>th</sup> July 2006 advising them of the consultation details and inviting their contributions.

The KWF partners worked together to ensure the public received information about the consultation and could take part. This included the distribution of posters, leaflets and copies of the draft Strategy as below:

#### **Consultation Strategy Document**

Printed draft headline Strategy with consultation questions and annexes.

- 13 copies sent to the main libraries in Kent.
- 41 copies sent to KCC and district council main and area offices.
- Numerous copies available at KCC events, including KWOF; Community sector workshops; Parish council event and WDF events.
- Copies also supplied when requested to representatives for the Channel Tunnel Rail Link, KROWN and Tilmanstone parish.

#### **Consultation Flyers**

An A4 folded leaflet with information about the reasons for the consultation, instructions about how to take part, contact details for KCC and the districts and waste management ideas.

- Approximately 80 flyers for each of the 39 largest Kent libraries.
- Each district council and KCC supplied with 2000 leaflets each<sup>1</sup>.
- Leaflets were also available at KCC events, including KWOF; Community sector workshops; Parish council event and WDF events.

#### **Consultation Posters**

An A3 poster inviting the reader to contribute with consultation contact details and dates.

- 10 posters for each of the 39 largest Kent libraries.
- Posters were also displayed at KCC events including KWOF and Community sector workshops.
- 10 posters delivered to each of the district councils and KCC<sup>2</sup>.

<sup>&</sup>lt;sup>1</sup> The flyers were displayed and distributed by each district and KCC independently.

Leaflets were generally available at each of the district offices. Other locations include: Dartford shopping areas; Maidstone, Sevenoaks and Thanet parish councils; selected Maidstone and Sevenoaks Members; Tonbridge and Malling leisure centres; KCC exhibition unit; KCC Invicta House and Block H; Household Waste Recycling Centres and direct to households in Ashford.

<sup>&</sup>lt;sup>2</sup> The posters were displayed and distributed by each district and KCC independently. Posters were generally available at each of the district offices. Other locations include: Dartford shopping areas; KCC exhibition unit; KCC Invicta House and Block H; Majority of Household Waste Recycling Centres.

## 7.2 CONSULTATION ARTICLES

The following article was sent to each of the district councils for inclusion in their local newsletters.

Figure 3 – Newsletter Article

	Waste – What do you think?
•	How should we deal with the growing amount of household waste we produce in Kent? Kent's local authorities have some ideas, but we want to know what you think.
	Why is this important?
•	Each person in Kent produces about half a tonne of waste every year – that's about the same weight as the average cow! This means that 800,000 tonnes of household waste was produced in Kent last year, which is enough to fill refuse trucks parked nose to tail in the three lanes around the M25 – with some left over.
•	It costs tens of millions of pounds to collect and dispose of the household waste we produce in Kent. 64% of this waste goes into landfill and 29% is recycled or composted.
•	But every year the amount of waste created grows. At the current rate of growth, Kent's authorities will have to deal with a further 260,000 tonnes of waste by 2020.
	So what should be done about all this waste?
•	The Kent Waste Forum, a partnership between the district councils (which collect the waste) and Kent County Council (which disposes of it), is putting together the Kent Joint Municipal Waste Management Strategy. This sets out how the local authorities of Kent intend to manage the household waste produced by Kent's residents over the next 20 years.
•	A draft "headline strategy" that sets out the main policies, is now available. The next stage in developing the strategy is to draw up action plans that will set out how the strategy will be achieved across the county. We want your opinions of the headline strategy and your views on what the action plans should contain. So help shape the future by visiting <u>www.kentwaste.dialoguebydesign.net</u> or contact the forum via 0845 345 0210 to find out how you can have your say.

The article was used in the following publications:

- In Shape, Summer 2006 Sevenoaks.
- Here & Now, Aug/Sept 2006 Tonbridge and Malling.
- Ashford Voice, Aug/Sept 2006 Ashford.
- District Life, Autumn 2006 Canterbury.

## 7.3 KENT COUNTY COUNCIL WEBSITE

Information about the consultation was available at the following website locations:

- Link on 'Home Page' to 'Waste Consultation' page.
- 'Waste Consultation' page included a link to Dialogue by Design (DbyD) website.
- Information and DbyD link on 'KWF', 'Waste Strategy' and 'KWOF' sections.
- Information on 'Current Consultations' page.
- Article titled 'Consultation Starts on Kent's Waste Strategy' available on 'News' section.
- Information, links and articles also available on district council websites

#### 7.4 MEDIA COVERAGE

Media information and requests were handled by DTW Vavasour, a specialist independent consultancy throughout the consultation period.

Full details of the coverage received are available in Annex D.

## 7.5 RESPONSE METHODS

Those that wanted to contribute to the consultation were able to do this online at www.kent.gov.uk or request paper versions and send responses to a freepost address. A helpline and email contact was available to assist anyone with any special needs throughout the process.

# 8 SUSTAINABILITY APPRAISAL

The Joint Municipal Waste Management Strategy (JMWMS) was subject to a Sustainability Appraisal, the purpose of which was to systematically identify and evaluate the economic, social and environmental impacts of the strategy. The Sustainability Appraisal process incorporates the requirements of the European Union Directive on Strategic Environmental Assessment (SEA), which came into force on 21<sup>st</sup> July 2004 and applies to a range of English plans and programmes.

Kent County Council has carried out a Sustainability Appraisal (SA) as part of the Joint Municipal and Waste Management Strategy (JMWMS). The SA tests the Strategy options and objectives and ensures that the Strategy does not have negative economic, social or environmental impacts.

The first stage of the SA involved establishing the evidence base to be used in the appraisal process. Part of the process of determining the evidence base involved reviewing other policies, plans, programmes and strategies relevant to the JMWMS, Minerals Development Framework, Waste Development Framework and Local Transport Plan. This evidence base is documented in a Scoping Report.

The draft Scoping Report was produced in collaboration with consultants Scott Wilson and Levett-Therivel. The draft report was made available for consultation until Friday 13 May 2005. Under the SEA Directive there is a statutory duty to consult the four SEA Consultation Bodies on the scope of the SA (Countryside Agency, English Heritage, English Nature and the Environment Agency.) Other relevant bodies with social and economic responsibilities should also be consulted. The Scoping Report was sent to the Consultation Bodies and made available on the Kent County Council website. In November 2005, these reports were expanded to cover the JMWMS and were made available for consultation again during November and December 2005.

The last four stages of the process involved testing and refining the strategy in light of the framework established in the first stage. The process and its findings were detailed in the Sustainability Appraisal report which was published for consultation in July 2006.
