Please see overleaf for definitions for above criteria.

Definitions:

- * **Children in Local Authority Care or Previously in Local Authority Care:** Children who are in Public Care or who have been adopted, but were formerly in Public Care. A child in public care is defined as a child who is looked after by the Local Authority within the meaning of Section 22 of the Children's Act 1989. This applies equally to children who immediately after being looked after by the local authority became subject to an adoption, residence or special guardianship order. (As defined by Section 46 of the Adoption and Children Act 2002 or Section 8 or 14A of the Children Act 1989). Children in Local Authority Care who meet the faith criterion will be given the highest priority within the faith related criterion.
- * **Church Affiliation:** If a parent has applied for their child to be admitted to Ashford St Mary's Church of England Primary School on denominational grounds, applications should be supported by the completion of the school's supplementary form. In order for the Church Affiliation to be considered, the child, along with their parents or guardians, must regularly attend either Ashford St Mary the Virgin Church or another church belonging to Churches Together in Ashford or the Evangelical Alliance within the Ashford Parish. Regular attendance is defined as at least monthly for at least a year prior to the LA closing date for foundation stage pupils and at least a year before the date of application for casual admissions and will need to be confirmed by your Minister, who should complete the relevant section on the school's supplementary form.

For casual (in year) admissions, i.e. families moving into the area, evidence of regular attendance at an Anglican church in the family's previous home area will be required. This evidence will need to be confirmed by your Minister, who should complete the relevant section of the school's supplementary form.
- * **Siblings/ Current Family Association:** A brother or sister is attending the school when the child starts and will continue to do so when the sibling is admitted. In this context brother or sister means children who live as brother or sister in the same house, including natural brothers and sisters, adopted siblings, stepbrothers or sisters and foster brothers and sisters. The sibling link is maintained as long as the family live at the same address as when the first child applied, or has moved closer to the school than when the first child was offered a place, or has moved to an address that is less than 2 miles from the school using the distance measured by the method outlined in the distance/ criterion.
- * **Children of staff at the school:**
 - a) Where a member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made, and/or
 - b) The member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage.
- * **Health and Special Access Reasons:** Medical, health, social and special access reasons will be applied in accordance with the school's legal obligations, in particular those under the Equality Act 2010. Priority will be given to those children whose mental or physical impairment means they have a demonstrable and significant need to attend a particular school. Equally this priority will apply to children whose parents' / guardians' physical or mental health or social needs mean that they have a demonstrable and significant need to attend a particular school. Such claims will need to be supported by written evidence from a suitably qualified medical or other practitioner who can demonstrate a special connection between these needs and the particular school.
- * **Distance: Nearness of children's homes to school:** We use the distance between the child's permanent home address and the school, measured in a straight line using the National Land and Property Gazetteer (NLPG) address point data. Distances are measured from a point defined as within the child's home to a point defined as within the school as specified by NLPG. The same address point on the school site is used for everybody. The school uses measurements provided by the LA and further information on how distances are calculated is available in the Admissions Booklets provided by the LA.

A child's home address is considered to be a residential property that is the child's only or main residence (not an address at which the child may sometimes stay or sleep) and which is either owned by the child's parents or guardian or leased or rented to them under a lease or written rental agreement. Where partners live apart but share responsibility for the child, and the child lives at two different addresses during the week, we will regard the home address as the one at which the child sleeps for the majority of week days.

A block of flats has a single address point reference, so applicants living in the same block will be regarded as living the same distance away from the school. In the unlikely event that two or more children live in the same block and in all other ways have equal eligibility for the last available place at the school, the names will be issued a number and drawn randomly to decide which child should be given the place.
