## Principles and values

The Kent and Medway Safeguarding Adults Board multi-agency partnership is supported by the following principles and values:

- It is every adult's right to live free from abuse in accordance with the principles of respect, dignity, autonomy, privacy and equity
- All agencies and services should ensure that their own policies and procedures make it clear that they have a zero tolerance of abuse
- Priority will be given to the prevention of abuse by raising the awareness of adult protection issues and by fostering a culture of good practice through support and care provision, commissioning and contracting
- Adults who are susceptible or subjected to abuse or mistreatment will receive the highest priority for assessment and support services.

- All agencies will respond to adult protection concerns with prompt, timely and appropriate action in line with agreed protocols
- These principles are applicable to all adults whether living in a domestic setting, care home, social services or health setting or any community setting
- Protection of adults experiencing, or at risk of, abuse or neglect, is a multi-agency responsibility and all agencies and services should actively work together to address the abuse of adults
- Interventions should be based on the concept of empowerment and participation of the individual at risk
- These principles should constitute an integral part of the philosophy and working practices of all agencies involved with adults experiencing, or at risk of, abuse or neglect, and should not be seen in isolation
- It is the responsibility of all agencies to take steps to ensure that adults experiencing, or at risk of, abuse or neglect, are discharged from their care to a safe and appropriate setting
- The need to provide support for the carers must be taken into account when planning services for adults experiencing, or at risk of, abuse or neglect, and a carer's assessment should be offered
- These principles are based upon a commitment to equal opportunities and practice in respect of race, culture, religion, disability, gender, age or sexual orientation.
