Hello

We would like to tell you about what we offer at the Faversham Day Service.

This booklet shows you what we offer each day. Please have a read to see if there is anything you may like to try.

We cannot guarantee that you will be able to do everything you would like.

But we will do our best for you.

How do I get the service?

If you would like to attend the Community Day Service, please contact your Care Manager.

They will arrange a visit for you and see what interests you. Once you have visited your Care Manager will organise days to attend around your needs and agree a start date.

You will need to complete some forms so we have the correct information to support you.

If the service is not what you want you can change your mind.

It is very important that staff speak to you to make sure everything is okay.

After 6 weeks we will have a meeting to make sure you are happy with everything and you are getting the support you need.

This will be included in your support plan.

While you are at Faversham Day Service you will have a link worker. They are there to help you.
