Low Carbon Across the South East (LoCASE)

Grants of up to £10,000 are available to support small and medium-sized enterprises (SMEs) in the South East to tackle and adapt to climate change through saving energy and making their business more competitive.

- Any business can qualify to use this money towards having energy efficiency measures installed for their business, with both the cost of materials and installation being covered
- For a business that offers low carbon or "green" goods or services, a business development grant is also available, which can be used against a wide variety of costs such as marketing, consultancy, equipment, IT software, product/process development, accreditation and certification

Grant funding will form 40% of the cost of an eligible project, with the remaining 60% matched by the applicant business.

Deadline: Spring 2019

Big Lottery Fund - Reaching Communities

The Big Lottery Fund has paused its Reaching Communities Fund as it develops the application process, trains new staff, and embeds new ways of working into the Fund. Big Lottery hopes that the changes made to the Fund will make it easier for groups and communities to apply for funding, and will increase its ability to make the best funding decisions.

Currently, voluntary or community groups in England can apply for grants of between £10,000 and £500,000 to cover the costs of projects that make positive changes within their own community. The Reaching Communities Fund will re-open 2nd April 2018 with new conditions.

- Consist of educational activities that develop learning, motivation and skills

The Company is interested in enabling primary age children to develop a strong foundation for the future. Projects could, for example, support special educational needs, address behavioural problems or promote citizenship, parenting or life skills. Preference will be given to projects piloting new approaches where the outcomes will be disseminated to a wider audience.

Deadline: 31st July 2018
