Adult carers strategy consultation – we need your views by 22 Feb

****Please share this information with your own networks****

Thank you to those of you who participated in our carers strategy development workshops last year. Your thoughts and suggestions helped us to shape the draft **Kent adult carers strategy** that is now out for formal consultation. [Read about it on our website.](#)

Following research and engagement activities with unpaid carers, the public and providers, the six-week public consultation runs until 22 February 2022.

Through our conversations so far, we have heard clear views from unpaid carers about what is important to them and have brought these together in the draft strategy document. Our aim is to work more closely with unpaid carers and our partners, to turn these ambitions into reality and bring welcomed improvements to the experiences of carers in Kent.

Complete the questionnaire now – before 22 February!

We need your views on the draft strategy, which sets out what changes we want to see in the future

Visit: www.kent.gov.uk/adultcarersstrategy to take part. Printed copies can be provided on request. Contact the Stakeholder Engagement Team via makingadifference@kent.gov.uk to request copies or arrange a workshop.

We are currently designing and user testing a new and improved PPE Portal for the ordering of Covid-19 PPE. We will keep you updated as this work progresses.

Join the Kent Care Summit on 2 March to shape the future of care together!

You're invited to this innovative hybrid event, that will bring together people we support, the care workforce, system leaders, commissioners, providers and community organisations.

There will be a focus on people's experiences and what they want to see from the Kent care market in the medium to long term.

There's a packed agenda including:

A session on the person's and staff voice : sharing experiences and our vision for the care market.

Hear from our panel:
