**Medium** There are identifiable indicators of risk of serious harm. The offender has the potential to cause serious harm but is unlikely to do so unless there is a change in circumstances.

**High** There are identifiable indicators of risk of serious harm. The potential event could happen at any time and the impact would be serious. Risk of serious harm is a risk which is life threatening and/or traumatic, and from which recovery, whether physical or psychological, can be expected to be difficult or impossible.
