The offer is the option of an adult social care authority being able to charge an additional “precept” on its council tax for financial years from the financial year beginning in 2016 without holding a referendum, to assist the authority in meeting expenditure on adult social care. #### **The Authorities opinion on the effect that its gross expenditure has on the level of its precept issued for the relevant year:**

For the 2022-23 budget the authority has additional spending demands of £77.2m and a reduction in government grant of £6.6m, which has been partially offset by a 1.9m increase in business rates. £27m of Savings have been identified to contribute towards balancing the budget. This means that the remaining £55m will need to be raised through council tax. There has been an increase to the taxbase and a collection fund surplus totalling £31.1m. Therefore £23.9m needed to be raised by increasing council tax by 2.99%.
