[Kent facts and figures](#)

This bulletin presents the 2022 Mid-year population estimates at ward level for Kent as published by the Office for National Statistics (ONS) on 19 March 2024.

Headlines

- The Kent ward with the highest population is Cheriton ward in Folkestone & Hythe. The ward population of 13,500 people accounts for 12% of the district’s population.
- Eynsford ward in the Sevenoaks district had the lowest population in Kent (1,840 people). The population density is 1.2 people per hectare.
- Maidstone has the largest district population in Kent with 180,400 people. Gravesham has the smallest population with 107,000 people.
- Dartford has the highest population density with 16.3 people per hectare whereas Ashford has the lowest population density with 2.3 people per hectare.
- Ashford district has the highest number of wards in Kent, a total of 39.
- Six of Kent’s districts had a higher population density than Kent (4.5 people per hectare).
- Kent has a slightly higher population density than England (4.4) though lower than the South East (4.9).

Introduction

Mid-Year Population Estimates, or MYPE are produced by the Office for National Statistics and are derived from a census population count and each year are rolled forward (people aged by one year) allowing for changes recorded for births, deaths and migration. Additional allowances are made to model the transient population such as students and personnel from the armed forces. This modelling process provides fairly robust data for larger areas of geography but the margin for error is larger for small areas, which is why these ward level MYPE are classed as ‘experimental statistics’.

Note on the data

It is ONS policy to present all estimates rounded to the nearest hundred at local authority level and to the nearest ten at ward level. Within this bulletin all mid-year estimates have been individually rounded and therefore may not sum.

The data in this bulletin will be updated after the 2023 mid-year population estimates are released.

Analysis

Tables are presented for each of Kent’s 12 districts and Medway Unitary Authority. Single year of age is banded into three age groups; 0-15, 16-64 and 65+. Comparisons are made to regional and national figures. The area of each Kent ward in hectares and each ward’s population density (people per hectare) are also given.

Ashford
