

## Moving into Kent with an EHC plan

The below outlines the standard process that should happen; however, outcomes and education settings will be different for each child or young person going through this process.

Parent to notify old local authority within 15 days before the move to Kent.

Old local authority transfers EHC plan to Kent County Council within 15 days of notification.

We check to see if current education setting is practical. If not, we will make alternative arrangements.

**Within 6 weeks**: we will contact you after receiving the EHC plan to confirm when we will review the plan and if we will carry out a new EHC needs assessment.

We will review the plan within 3 months from the date of transfer or within 12 months of the original EHC plan being made or last reviewed (whichever is later).

Annual review takes place, where your child or young person's needs and education setting is reviewed.
