## **Guidance**

The aim of The Blue Badge (Disabled Persons' Parking) Scheme is to help disabled people with severe mobility problems to access goods and services, by allowing them to park close to their destination. An individual's eligibility for a Blue Badge is considered in terms of being 'eligible without further assessment' or 'eligible subject to further assessment'.

Before completing your application please consider the guidance regarding eligibility and sign the declaration. Kent County Council may refuse to issue a badge if you do not provide adequate evidence that you meet the eligibility criteria. Please complete all relevant sections of the application form and supply the appropriate documents to confirm your address, identity and evidence of eligibility.

### **The 'eligible without further assessment' criteria**

People who may be issued with a badge without further assessment are those who are more than two years old and:

- Receives the Higher Rate of the Mobility Component of the Disability Living Allowance (HRMCDLA); or
- Receives 8 points or more under the "moving around" activity of the mobility component of Personal Independence Payment (PIP); or
- Is registered blind (severely sight impaired); NB Partially sighted applicants are required to complete section 4 in full, as they are not entitled to a badge automatically. Or
- Receives a War Pensioner's Mobility Supplement (WPMS); or
- Has been both awarded a lump sum benefit at tariffs 1-8 of the Armed Forces Compensation Scheme and certified as having a permanent and substantial disability which causes inability to walk or very considerable difficulty in walking.

### **The 'eligible subject to further assessment' criteria**

People who may be issued with a badge after further assessment are those who are more than two years old and fall within one or more of the following descriptions:

- Drives a vehicle regularly, has a severe disability in both arms and is unable to operate, or has considerable difficulty in operating, all or some types of parking meter; or
- Has a permanent and substantial disability that causes inability to walk or very considerable difficulty in walking.

In addition, a child under 3 may be eligible if they meet one of the following descriptions:

- A child (under the age of 3) who, on account of a condition, must always be accompanied by bulky medical equipment which cannot be carried around with the child without great difficulty;
- A child (under the age of 3) who, on account of a condition, must always be kept near a motor vehicle so that, if necessary, treatment for that condition can be given in the vehicle or the child can be taken quickly in the vehicle to a place where such treatment can be given.

### **You do not qualify if:**

- Your condition does not affect your mobility or you have a temporary condition such as a broken leg.
- In all cases, entitlement depends on the applicant's difficulty in walking, and considerations such as difficulty in carrying parcels or luggage are not to be taken into account.
- Medical conditions such as asthma, autism, psychological/behavioural problems, Crohn's disease / incontinent conditions and Myalgic Encephalomyelitis (M.E.) are not in themselves a qualification for a badge. People with these conditions may be eligible under this criterion, but only if they are unable to walk or have very considerable difficulty in walking, in addition to their condition.
