
How can a public right of way or town/village green become established?

Public rights of way can come into being by deemed dedication. A public right of way such as a footpath or a bridleway may be recorded if it is shown that there has been at least 20 years uninterrupted use of a way by the public ‘as of right’ (without force, secrecy or permission). This is known as ‘deemed dedication’. Anyone can make an application (under section 53 of the Wildlife & Countryside Act 1981) to have a route recorded or upgraded on the Definitive Map and Statement of Public Rights of Way (the legal record).

A town/village green may be registered if it is shown that the inhabitants of a locality, or a neighbourhood within a locality, have used an area ‘as of right’ for a period of at least 20 years for the purposes of lawful sports and pastimes. The 2006 Act allows anyone to make an application to register a piece of land as a new town/village green.

The County Council has a duty to investigate all such applications that are submitted.

What can a landowner do to prevent an application being successful?

A landowner can show that they have no intention of dedicating a public right of way or challenge recreational use in relation to a town/village green if they undertake ‘overt’ actions to make it clear to the public that they have no ‘right’ to cross or be on his/her land. An overt action may be:

- The erection of carefully worded notices sited in relevant locations
- The locking of a gate at least once a year
- Challenges to users of the way or area, making a note of dates, times and names if possible
- The depositing of a statement and map followed by a subsequent declaration under section 31(6) of the 1980 Act for public rights of way or a statement under section 15A of the 2006 Act for village greens.

What does depositing a map and statement do?

Section 31(6) of the 1980 Act enables a landowner to deposit a statement accompanied with a map, followed by a declaration, with the County Council (“an appropriate council”), acknowledging any existing public rights of way across their land at the same time as declaring that they have no intention to dedicate any further routes to the public.

Section 15A of the 2006 Act enables a landowner to deposit a landowner statement accompanied with a map with the county council (“a commons registration authority”), declaring they wish to bring to an end any period during which persons may have indulged as of right in lawful sports and pastimes on the whole or any part of the land referenced on the map.
What does depositing a map and statement not do?

This process has no effect on the existence of public rights of way already shown on the definitive map or on any applications to record a public right of way by virtue of 20 years’ use if this period falls before a map and statement is deposited.

Please note that this process does not apply to cases where an application to record a public right of way is based on historical documentary evidence.

This process is not relevant to any permissive paths on the land.

Registers

Once a map and statement is lodged with the County Council, the documents and all the details within them become available for public inspection. Registers must be kept in paper and electronic format for the public to view on request. Information in the electronic deposit register that appears on the County Council website will include a copy of the map and statement (signatures will be removed), including name and address of the landowner.

Making an application

The Commons (Registration of Town or Village Greens) and Dedicated Highways (Landowner Statements and Declarations) (England) Regulations 2013 applies to any application made on or after 1st October 2013 to:

a) deposit a map and statement under section 31(6) of the 1980 Act;
b) lodge a declaration under section 31(6) of the 1980 Act;
c) deposit a statement under section 15A (1) of the 2006 Act.

Completion of the application form

1. You should use the application forms set out in Appendix A to this document (or one substantially to the same effect).
2. You may add relevant or omit irrelevant particulars.
3. The application must be signed by every owner of the land to which the application relates, or by their duly authorised representative, and by the secretary or some other duly authorised officer of every owner of the land to which the application relates, which is a body corporate or an unincorporated association. If the form is signed by a duly authorised representative, proof of that authorisation must be submitted.
4. The application must be accompanied by an Ordnance Map, at a scale of not less than 1:10,560 (so a map at 1:5,000 is acceptable for example). It should show the entire boundary of the land to which the application relates (i.e. the extent of landownership) in coloured edging; the area within should not be shaded. In respect of declarations under section 31(6) of the 1980 Act or statements under section 15A(1) of the 2006 Act, reference may be made to a map previously deposited in accordance with these Regulations or a map deposited in accordance with section 31(6) of the 1980 Act before 1st October 2013.
5. The application must be accompanied by the appropriate fee (see below).
6. Once the map and statement relating to section 31(6) has been acknowledged as being accurate in respect of public rights of way, you should then complete the declaration (Part C). This form should be used to renew the declaration within 20 years of the original or previous declaration (this has been changed from 10 years).

**Please read the following guidance carefully before completing this form**

1. Further guidance relating to completion of this form is available from [http://www.defra.gov.uk/rural/protected/greens/](http://www.defra.gov.uk/rural/protected/greens/). Please refer to these separate notes when completing this form.

2. **Parts A and F must be completed in all cases.**

3. The form must be signed and dated by, or by a duly authorised representative of, every owner of land to which the application relates who is an individual, and by the secretary or some other duly authorised officer of every owner of land to which the application relates which is a body corporate or an unincorporated association.

4. In the case of land in joint ownership all the joint owners must complete paragraphs 2 and 3 of Part A and complete and sign the application in Part F, unless a duly authorised representative completes and signs the form on behalf of all of the owners of the land. Paragraph 3 should be completed in full to clearly explain the capacity of each applicant e.g. trustee, landowner’s managing agent, executor.

5. ‘Owner’ is defined in section 61(3) of the Commons Act 2006 and section 31(7) of the Highways Act 1980 and means, broadly, a legal owner of the freehold interest in the land.

6. Where the application relates to more than one parcel of land, a description of each parcel should be included in Paragraph 4 of Part A and the remainder of the form should be completed to clearly identify which statement and/or declaration relates to which parcel of land. This may require the insertion of additional wording. See separate notes for further guidance. Multiple parcels of land should be clearly identified by coloured edging on any accompanying map.

7. Where a statement or declaration requires reference to colouring shown on an accompanying map or previously lodged map, the colouring must be clearly specified and must match that shown on the relevant map. For example, if a footpath is specified in a Part C declaration as shown coloured brown, the accompanying map or previously deposited map referred to must reflect that colouring.

8. An application must be accompanied by an ordnance map, or (in respect of declarations under Part C or statements under Part D of this form) refer to a map previously deposited in accordance with the Commons (Registration of Town or Village Greens) and Dedicated Highways (Landowner Statements and Declaration) (England) Regulations 2013 or (if deposited before 1st October 2013) in accordance with section 31(6) of the Highways Act 1980. Any accompanying map must be an ordnance map at a scale of not less than 1:10,560 showing the boundary of the land to which the application relates in coloured edging.

9. An application must be accompanied by the requisite fee.

10. ‘Appropriate authority’ means (a) in relation to a map or statement deposited or declaration lodged under section 31(6) of that Act, an appropriate council (as defined in section 31(7) of the Highways Act 1980); and (b) in relation to a statement and map deposited under section 15A(1) of the 2006 Act, a commons registration authority (defined in section 4 of the Commons Act 2006 and section 2 of the Commons Registration Act 1965). In practice, the appropriate council and commons registration authority will usually be the same body.
